

THE COUNTY GOVERNMENT OF **MACHAKOS**

PERFORMANCE CONTRACTING REPORT

FY 2024 / 2025

COUNTY GOVERNMENT OF MACHAKOS

Performance Contracting Report for Financial Year 2024/2025

Prepared By: County Performance Management Committee

September 2025

Acknowledgement

The County Government of Machakos wishes to acknowledge the valuable contributions of all stakeholders who supported the development of this Performance Contracting Report for FY 2024/2025.

Special appreciation is extended to the County Executive Committee Members (CECMs), Chief Officers, and departmental heads for their cooperation in submitting performance contracts, performance reports and supporting documentation.

The County Performance Management Committee and Secretariat played a central role in coordinating this evaluation, analyzing performance data, and compiling the report. Their commitment to fostering accountability, Administrative discipline, and results-oriented service delivery is highly commendable.

Finally, we acknowledge the leadership of H.E. the Governor, H.E. the Deputy Governor, the County Secretary, and the Advisory Council for their unwavering support and guidance in strengthening performance management as a tool for transparency, accountability, and improved service delivery to the people of Machakos.

Executive Summary

This report presents the performance outcomes of the Machakos County Government for the Financial Year 2024/2025, highlighting both achievements and challenges. Guided by the Machakos County Performance Management Policy (May 2025), and Public Service Commission guideline (June 2017) on performance management. The evaluation assessed departmental and ministerial results against set targets as outlined in the Programme-based budget (PBB), County Fiscal Strategy Paper (CFSP), County Integrated Development Plan III (CIDP III), and Annual Development Plan 2024/25 (ADP 2024/25), with performance contracts serving as the main instrument of accountability. Based on the evidence provided a total of 108 projects (36%) were completed while 189(64%) remained incomplete, and administrative discipline reflecting the county overall average performance of 61.16%.

Notable achievements in departments were recorded in Agriculture & Food Security (94.10%), Economic Planning & External Resources Mobilization (93.40%) and Public Service & Performance Management (91.70%). However, several departments underperformed, with Environment and Natural Resources (36.25%), Inspectorate, Fire Fighting and Emergency Services (42.50%) and Vocational & Skills Training (43.25%) largely due to lack of supporting their achievement. At the ministry level, Ministry of Agriculture, Food Security & Cooperative Development (78.13%) led performance, while Education, ECDE & Vocational Training (46.05%) lagged behind. Administrative discipline strongly influenced performance with some departments like ICT & Infrastructure, Public Communications & E-Government recording low report submission rates.

The evaluation revealed some challenges, including inadequate evidence-based reporting, incomplete projects and budget reallocations that disrupted service delivery. Addressing these gaps will strengthen accountability, improve planning, monitoring and sustainable resource alignment. Capacity building will be critical in entrenching a stronger culture of performance and enhancing service delivery to the people of Machakos.

List of abbreviations and acronyms

ADP	–	Annual Development Plan
CECM	–	County Executive Committee Member
CFSP	–	County Fiscal Strategy Paper
CIDP	–	County Integrated Development Plan
CO	–	Chief Officer
ECDE	–	Early Childhood Development Education
PC	–	Performance Contracting
ICT	–	Information Communication & Technology

Definition of terms

Department: County Public Service unit under the leadership of a Chief Officer.

Ministry: Cluster of departments under the oversight of a County Executive Committee Member (CECM).

Administrative Discipline: Compliance with county requirements on submission of reports, and adherence to HR policies.

Core Mandate Performance: Achievement of functions, services, and responsibilities assigned to a department/ministry.

1. Introduction

This report presents the annual performance outcomes for Machakos County Government departments for the Financial Year 2024/2025, highlighting both notable achievements and areas requiring improvement. The evaluation is guided by the Machakos County Performance Management Policy (May 2025), which provides a structured framework for aligning departmental targets with the County's overarching strategic priorities as articulated in the Programme-Based Budget (PBB), the County Fiscal Strategy Paper (CFSP), the County Integrated Development Plan (CIDP) FY 2023/2027, and the Annual Development Plan (ADP) FY 2024/2025.

Performance contracts signed between County Executive Committee Members and Chief Officers serve as the primary instruments for translating these priorities into measurable deliverables, thereby strengthening accountability, enhancing transparency, and entrenching a culture of results-oriented management within the County Government.

The evaluation was conducted based on departmental performance contract and adherence to administrative discipline. Supporting evidence was reviewed to authenticate the reported achievements. However, in several instances departments failed to adequately substantiate their reported accomplishments.

This assessment therefore not only highlights departmental performance levels but also brings to light some challenges, including inadequate evidence-based reporting and budget reallocations that hindered project completion.

2. Objectives

The main objectives of performance evaluation for FY 2024/2025 were to:

1. **Assess departmental and ministerial performance** against the set targets as outlined in the Annual Development Plan (ADP).
2. **Assess the extent of achievement** of projects and programmes implemented during the financial year and assess completion rates.
3. **Identify high-performing and underperforming departments/ministries**, highlighting best practices and critical challenges.
4. **Evaluate accountability and evidence submission** by departments in support of reported achievements.
5. **Evaluate administrative discipline compliance** and its effect on overall performance.
6. **Establish gaps** such as incomplete projects and reporting mechanisms that affected service delivery.
7. **Provide recommendations** to strengthen performance management, enhance accountability, and improve service delivery in subsequent years.

3. Methodology of the Evaluation

The evaluation was conducted through a structured approach guided by the Machakos County Performance Management Policy (May 2025) and Public Service Commission guideline (June 2017) on performance management. The following methodology was applied:

1. **Analyzing of information submitted:**
 - Departments submitted their signed performance contracts along with supporting evidence for reported achievements.
2. **Verification of Evidence:**
 - Supporting documents were reviewed to validate reported results.
 - Only achievements backed by sufficient evidence were considered in the final assessment.
3. **Performance Scoring and Rating:**
 - Each department's performance was scored based on the proportion of targets achieved against set deliverables.
 - Projects and programmes were categorized as *complete* or *incomplete*, and percentage performance was calculated.
 - Timely submission of reports.
 - Achievements were classified into categories (Excellent, Very Good, Good, Fair and Poor) as provided in the Public Service Commission Performance Management Guidelines (June 2017) and in the performance management tool (Form 37a and 37c).

Achievement of Performance Targets	Rating Scale	
Achievement higher than 100% of the agreed performance targets.	Excellent	101% +
Achievement up to 100% of the agreed performance targets.	Very Good	100%
Achievement between 80% and 99% of the agreed performance targets	Good	80% - 99%
Achievement between 60% and 79% of the agreed performance targets.	Fair	60% - 79%
Achievement up to 59% of the agreed performance targets	Poor	59% and Below

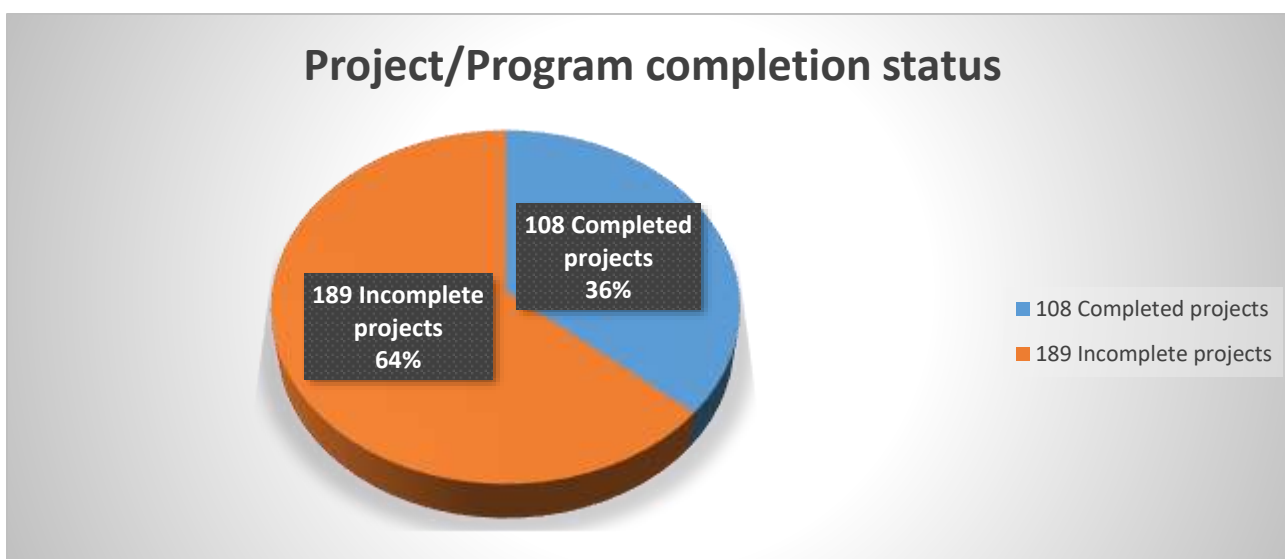

The performance targets that exceeded 100%, were capped at 101% to moderate the outliers

4. Key Findings

4.1 Overall Performance

- A total of **297** projects and programs were assessed across 35 departments.
- **108 (36%)** projects were completed while **189 (64%)** remained incomplete.

Figure 1. Project/ program completion status

The evidence provided by the various departments highlights a number of planned activities either stalled, faced delays, or were not delivered as expected.

- The overall average performance for the County stood at **61.16%**, signaling significant room for improvement as per the guideline.
- Core mandate at **46.60%**
- Ministerial average performance at **60.49%**
- **36%** of projects were completed.

4.2 Departmental performance under Chief Officers.

In the overall performance, none of the departments achieved Excellent (100+1%) or Very Good (100%) performance. The departmental performance was as follows:

1. Good (80% -99%)

4 departments were within this category, which included:

- 1) Agriculture and food security at 94.10%,
- 2) Economic Planning & External Resource Mobilization at 93.40%,
- 3) Public Service & Performance Management at 91.70% and,
- 4) Finance at 80.50%.

2. Fair (60% - 79%)

12 departments were within this category, which included:

- 1) Livestock and fisheries at 79.35%.
- 2) SME Development at 77.50%,
- 3) Office of the Governor at 74.25%,
- 4) Public Communications & E-Government at 71.30%
- 5) Water and Irrigation at 70.30%
- 6) Energy and Electrification at 69.00%
- 7) Youth & Sports at 66.95%
- 8) Gender & Social Welfare at 66.85%
- 9) Roads & Transport at 65.10%
- 10) Sanitation and Sewerage at 64.50%
- 11) Housing and Urban Development at 63.00% and
- 12) Cooperative Development and Marketing at 60.95%

3. Poor (59% and below)

19 Departments were within this category, which included:

- 1) Medical Services at 59.85%
- 2) Industry and Innovation at 57.20%
- 3) Revenue Management at 56.00%
- 4) Lands and Physical Planning at 55.75%
- 5) Public Health at 55.60%
- 6) Tourism and Culture at 55.10%
- 7) Trade & External Relations at 53.25%
- 8) Digital Economy at 53.25%
- 9) Public Works at 50.50%
- 10) Health Facilities and Infrastructure Development at 50.45%
- 11) County Administration and Decentralized Units at 49.90%
- 12) Education and ECDE Services at 48.85%

- 13) Citizen Engagement, Public Participation and Customer Service at 47.90%
- 14) Climate Change at 47.15%
- 15) ICT & Infrastructure at 45.50%
- 16) County law office at 43.60%
- 17) Vocational & Skills Training at 43.25%
- 18) Inspectorate, Fire Fighting and Emergency Services at 42.50% and
- 19) Environment and Natural Resources at 36.25%

Good - Performing departments on CORE MANDATE were:

- i. Public Service & Performance Management at 99.90%
- ii. Economic Planning and External Resources Mobilization at 99.30%
- iii. Office of The Governor at 99.00%
- iv. Public Communications & E-Government at 97.10%

Poor - Performing departments on CORE MANDATE were:

- i. Inspectorate, Fire Fighting and Emergency Services at 5.50%
- ii. Environment and Natural Resources at 10.00%
- iii. Industry and Innovation at 14.40%
- iv. Public Works at 18.00%

4.3 Ministry-Level Performance

In the overall performance, none of the ministries achieved Excellent (100+1%), Very Good (100%) and Good (80% - 99%) performance level. The Ministerial performance was as follows:

1. Fair (60% - 79%)

Ministries within this category included:-

- i. Agriculture, Food Security & Cooperative Development at 78.13%
- ii. Finance, Economic Planning, Revenue Management, Public Communications and ICT at 69.34%
- iii. Lands, Urban Development, Housing and Energy at 62.58%
- iv. Gender, Youth, Sports and Social Welfare at 62.35%
- v. Trade, Industry, Tourism & Innovation at 60.76%

2. Poor (59% and below)

- i. Education, ECDE and Vocational Training at 46.05%
- ii. Water & Irrigation, Environment and Climate Change at 54.55%
- iii. Health at 55.30%,
- iv. Roads, Transport and Public Works at 57.80%
- v. Devolution at 58.00%

5. Identified Gaps

The evaluation revealed several operational shortcomings:

1. **Lack of Evidence-Based Reporting:** A number of departments did not attach supporting documentation to substantiate reported achievements.
2. **High Number of Incomplete Projects:** Approximately **64% of the projects** remained incomplete as per the evidence provided.
3. **Administrative Discipline:** Failure to submit reports
4. **Budget Reallocations:** Departments such as Housing and Urban Development underperformed due to reallocation of funds to other projects, which affected achievement of set targets.

6. Recommendations

1. **Strengthen Accountability and Evidence Submission**
 - Enforce mandatory submission of supporting documentation for all reported achievements.
2. **Improve Project Planning and Execution**
 - Strengthen Monitoring & Evaluation (M&E) structures at the departmental level to track progress, identify gaps, and inform corrective actions.
3. **Budget Reallocation**
 - Ensure reallocation of funds does not compromise delivery of core departmental priorities.
4. **Capacity Building for all Departments**
 - Provide training in planning, financial management, and results-based reporting.
 - Facilitate peer learning from top-performing departments to share best practices
5. **Recognize & Reward Performance**
 - Introduce both financial and non-financial awards for top-performing departments and staff to incentivize excellence.
6. **Implement Sanctions for Underperformance**
 - Use performance improvement plans, coaching, counseling, and any other measures permitted by existing guidelines.

7. Conclusion

The FY 2024/2025 performance evaluation paints a mixed picture of progress and challenges. While some departments exceeded their targets, others lagged significantly due to lack of submission of supporting documentation and budgetary issues.

The findings underscore the need to strengthen accountability, administrative discipline and improve monitoring systems. By addressing these gaps, the County Government of Machakos will enhance service

delivery, uphold transparency, and entrench a stronger culture of performance and results-based management.
