PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

Executive Summary

The budget estimates for the FY 2024/2025 to FY 2026/2027 Medium-Term Expenditure Framework period have been prepared in full compliance with the Constitution of Kenya and the Public Finance Management Act, 2012. These estimates are aligned to our long-term and medium-term development frameworks, including Vision 2030, the Sustainable Development Goals, the Bottom-Up Economic Transformation Agenda, the County Integrated Development Plan for 2023–2027, the Annual Development Plan for 2024/2025, the County Fiscal Strategy Paper for 2024, and the Governor’s Manifesto.

In keeping with the principles of public participation, forums were held across the county, and the views expressed by the public were incorporated into the budget-making process. These estimates also take into account flagship and multi-year projects, as well as departmental priorities submitted during the planning phase.

The budget has been developed using a program-based approach that links resources to results. This approach ensures that the purpose of expenditure is clear, that outcomes are measurable, and that there is a strong connection between policy, planning, budgeting, and monitoring and evaluation.

For the financial year 2024/2025, the total projected revenue amounts to Kshs. 14.39 billion. This comprises Kshs. 9.91 billion from the Equitable Share, Kshs. 1 billion from conditional grants, Kshs. 17.09 million from unconditional grants, Kshs. 687 million from hospital revenues, and Kshs. 2.79 billion from our Own Source Revenue. The County Government is determined to channel these resources towards critical and priority areas while continuing to expand the revenue base through intensified Own Source Revenue collection efforts. We deeply value the support of our development partners and will continue to work closely with them in the implementation of the priority programs outlined in this budget.

To enhance efficiency and eliminate non-priority expenditures, departmental allocations have been rationalized. Of the total budget, Kshs. 10.07 billion has been set aside for recurrent expenditure, with Kshs. 6.36 billion for employee compensation, Kshs. 3.54 billion for operations and maintenance, and Kshs. 168.46 million for current conditional grants. Development expenditure totals Kshs. 4.33 billion, of which Kshs. 833.76 million is for conditional grants, Kshs. 99.45 million for pending bills, and Kshs. 3.39 billion for other development projects.

Hon. Onesmus Muia Kuyu

County Executive Committee Member – Finance, Economic Planning and Revenue Management

PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

Introduction

The County Government, pursuant to section 104 of the County Government Act, 2012 is expected to plan for the County and no public funds shall be appropriated outside a planning framework developed by the County Executive Committee and approved by the County Assembly.

It is for this reason that Programme-Based Budget is presented to give budgetary effect to Machakos County Integrated Development Plan (2023-2027), and the Annual Development Plan 2024-2025

These estimates are also guided by a three-year Medium-Term Expenditure Framework covering the period from 2024/2025 to 2026/2027. The estimates are further informed by final authorized budget ceilings communicated by the County Assembly through the County Fiscal Strategy Paper 2024.

Legal Basis

Budget preparation is a highly regulated process by law. The prime legal framework guiding budget preparation is the Constitution of Kenya 2010. Article 220(2) states that national legislation shall prescribe:

- a) The structure of the development plans and budgets of counties.
- b) When the plans and budgets of the counties shall be tabled in the County assemblies; and
- c) The form and manner of consultation between the National Government and County Governments in the process of preparing plans and budgets.

Section 129(2) of the PFM Act 2012 stipulates that following approval of the budget estimates and supporting draft legislation by the County Executive Committee, the Executive Committee member for Finance shall:

- a) Submit to the County Assembly the budget estimates, supporting documents, and any other Bills required to implement the budget, except the Finance Bill, by the 30th April in that year;
- b) Ensure that the estimates submitted in subsection (a) are per the resolutions adopted by County Assembly on the County Fiscal Strategy Paper.

Further, section 130 (1)(b) of the same Act provides that the Executive Committee Member for Finance shall submit to the County Assembly the following documents in respect of the budget for every financial year which includes:

- a) A list of all County Government entities that are to receive funds appropriated from the budget of the County Government;
- b) Estimates of revenue projected from the Equalization Fund over the medium term;
- c) All revenue allocations from the National Government over the medium term, including conditional and unconditional grants;
- d) All other estimated revenue by broad economic classification; and

PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

e) All estimated expenditure, by Vote, and by a programme, clearly identifying both recurrent and development expenditures.

To ensure prudence and transparency in the management of public resources the PBB has also adhered to section 107(2) of the PFM Act 2012 on fiscal responsibility principles which include:

- a) The County government recurrent expenditure shall not exceed the County's Government total revenue;
- b) Over the medium term, a minimum of thirty percent of the County Government budget shall be allocated to the development expenditures;
- c) The County Government expenditures on wages and benefits for public officers shall not exceed a percentage of the County Government total revenue as prescribed by the Executive Member for Finance in regulations;
- d) Over the medium term Government borrowing shall be used only for financing development expenditures and not a recurrent expenditure;
- e) The County debt shall be maintained at a sustainable level as approved by the County Assembly;
- f) The fiscal risks shall be maintained prudently; and
- g) A reasonable degree of predictability to the level of tax rates and tax bases shall be maintained taking into account any reform that may be made in future.

Pursuant to the above, the Programme Based Budget for Financial Year 2024/2025 has taken into consideration the existing legal framework more so chapter twelve of the Constitution of Kenya and PFM Act 2012

The constitution and the PFMA 2012, sets out the fiscal responsibility principles to ensure prudence and transparency in the management of public resources. Building on application of these fiscal responsibility principles in the CFSP, these PBB Estimates have ensured that:

- the County Government's recurrent expenditure has not exceeded total revenue.
- a minimum of 30% of the overall County Government budget has been allocated to development expenditure.
- any fiscal risks facing the County government have been mitigated where known and will be managed prudently if new ones arise.
- revenue estimation has been based on a reasonable degree of predictability to private persons and enterprises with regard to tax/fee rates and the tax/revenue base.

PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

Public Participation

1. In accordance with Section 117(5) of the Public Finance Management Act, 2012, the County Government shall incorporate input from various stakeholders in the development of the Budget Estimates FY 2024/2025 and the medium term.
2. To facilitate this, the County Treasury conducted public participation from 19th to 24th February, 2024, as outlined in the advertisement presented in **Annex III**. The attached Public Participation report has also detailed the Priority projects presented by the public in the forums.
3. On February 19th, 2024, village consultative meetings were conducted by the County Treasury in conjunction with the County Administration department in the 239 villages. At the village level, citizen feedback was gathered and later presented at the Sub-County meetings held from February 20th to 24th, 2024.
4. These Sub-County meetings were facilitated by the County Treasury, with support from the County Executive Committee Members, Chief Officers, the Citizen Engagement Department and the County Administration.
5. During these meetings, local representatives presented the community's top 10 priority projects and programs, extracted from the village reports. These priorities were required to align with the County's development agenda, particularly the County Integrated Development Plan (CIDP) 2023-2027 and the Annual Development Plan (ADP) 2024/2025.
6. The Sub-county forums were predominantly attended by individuals aged 36 and above, who accounted for 81% of participants, while the youth comprised 19%. Women made up the majority at 65%, with men representing 35%. Additionally, People Living with Disabilities (PWD) constituted 1% of the attendees.

Despite the prevailing budgetary constraints, a significant number of priority areas have been accommodated in these budget estimates based on need. Additionally, the budget incorporates ongoing multi-year projects as outlined in the County Integrated Development Plan (CIDP) 2023–2027 and pending bills accrued since 2013.

As presented in the table above, the County has adhered to all the fiscal responsibility principles as set out in section 107 (2) of the PFM Act 2012. However, the County is not able to meet the fiscal responsibility on compensation to employees, which stands at 45% of total revenue against a requirement of 35%. The County therefore calls upon the National Government to analyze the inherited wage bill especially in the Health sector with a view to considering an allocation in form of conditional grant to bridge the gap in the fiscal responsibility.

COUNTY ASSEMBLY

Part A: Vision

An exemplary Legislative Assembly

Part B: Mission

To make a positive impact on the people through Legislation, Representation and Oversight

Part C: Performance Overview and Rationale for Funding

Mandate

The County Assembly is constituted as per the constitution of Kenya and is headed by the Speaker of the County Assembly, who is responsible for the general policy and strategic direction of the Assembly. The County Assembly constitutes 40 Members of County Assembly (MCAs) elected to represent members of the public from their respective wards and 20 nominated members from different political parties. The MCAs are responsible for making any laws for effective performance of the County Government, approving plans and policies and playing the oversight role over the County Executive.

WATER, IRRIGATION, ENVIRONMENT AND CLIMATE CHANGE

A. Vision

A national leader in the management and development of sustainable water resources, environment, natural resources and climate change mitigation and adaptation

B. Mission

To develop, conserve, utilize, protect and sustainably manage water, environment, natural resources and mainstream climate change for improved livelihoods.

C. Performance Overview and Rationale for Funding

Mandate

Promoting and supporting water resource management, environment, natural resources and climate change mitigation and adaptation programs to enhance safe water availability and accessibility and improved livelihoods for all.

Major achievements FY 2021/2022-2022/2023

During the review period, the department's key achievements include improved access to clean and safe water through drilling and rehabilitating boreholes, construction and clearing of dams, expanding water distribution networks, and distributing water tanks to enhance water harvesting. Additionally, the department spearheaded tree planting initiatives and conducted awareness meetings to mitigate against climate change. Furthermore, we successfully undertook the PCRA process, resulting in the development of the Machakos County Climate Change Action Plan 2023-2027.

D. Programme and objectives

S/No	Programme	Objectives
1	Water Resources Management	To manage and protect water resources
2	Development and promotion of irrigation	To enhance agricultural productivity
3	Sewage and Sanitation	To improve access to adequate and equitable sanitation

PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

3	Environment and Natural Resources	To ensure the sustainable use and protection of natural resources, while promoting economic development and improving the quality of life for people and communities.
4	Climate Change	To promote locally led mitigations and to build resilience

EDUCATION

Part A: Vision

To be a regional leader in provision of ECDE and Youth Skills Development Service

Part B: Mission

To provide quality and unrivaled services in Early Childhood Development Education, Skills Training and Development Programmes.

Part C: Performance Overview and Rationale for Funding

Mandate

The Ministry of Education is composed of sub-sectors of Education, ECDE & Vocational Training Services. The Ministry provides quality services in Early Childhood Development and Education as well as youth training and development programmes. It aims to ensure all learners and trainees receive inclusive and equitable quality education.

Expenditure Trends FY 2021/2022-2022/2023

	Approved Budget FY 2021/2022	Expenditure FY 2021/2022	Approved Budget Estimates FY 2022- 2023	Expenditure FY 2022- 2023

Total	541,146,745	407,972,473	690,621,946	479,128,171

Major achievements based on the planned output FY 2021/2022-2022/2023

In the planned period 2021/2022 and 2022/2023, Education Sub-Sector targeted gross enrollment of ECDE and VTC to increase from 60 and 40 percent to 95 and 80 percent respectively. At the end of the planned period, the sector achieved enrollment rate of 87 and 70 percent for ECDE and VTC respectively. These achievements are attributed to the construction of over 100 classes for Early Childhood Development (ECDE) Centers and trained the 1,181 ECDE teachers to comply with CBC requirements. The Department also refurbished/renovated and equipped the 40 Vocational Training Centers, constructed over 10 ablution blocks, 6 workshops among dormitories. The has centers also managed to offer free skills training like plumbing, masonry, dress making, mechanical engineering among many other courses to our youth who eventually earned a good living and uplifted themselves and their family.

PROGRAMME BASED BUDGET FOR THE YEAR ENDING 30TH JUNE, 2025

To cushion the vulnerable in the society during the planned period, the department through the County Government managed to fund education of the needy learners in secondary schools, tertiary institutions and universities through bursary fund. In the last financial year (2022/2023) approximately 24,713 learners benefited from the said bursaries which were directly channeled to the respective learning institutions to ensure accountability. This is a significant amount that has kept many of our students in school do date.

Constraints and challenges in budget implementation and how they will be addressed

DEVELOPMENT ISSUE	CONSTRAINT(S)	SOLUTION/ADRESS TO THE CONSTRAINS
• Inadequate ECDE infrastructure • Establishment of adequate disability enabled /friendly ECDE centers	• Budget and insufficient cash flow hence affects the timelines in project implementation	• Public Private Partnership • Adequate Budget allocation • Stakeholders' involvement
• Inadequate ECDE Caregivers • Inadequate knowledge on CBC and special/ inclusive education	• Minimal qualified personnel and a succession management crisis is also looming due to aging staff because most have attained the retirement age. • In sufficient budget to absorb caregivers	• Promote implementation of stronger labour market interventions and policy reforms that drive employment creation • Public Private Partnership for expertise training • Lobby for allocation of more resources
• Low enrollment rate in ECDE centers	• Parents Economically challenged • Insufficient resources • Insufficient capacity building	• Public Private Partnership • Feeding and milk Programmes • Provision of Modern and assorted psycho-motor materials • Provision of Day care centers • Stakeholders' involvement
