- 15—Restriction on domestic animals.
- 16—Management of the parks.
- 17—Trading in soft drinks and snacks.
- 18—Fixing of bills, placards or notices.
- 19—Destruction of vegetation.
- 20—Depositing of litter.
- 21—Fire.

- 22—Climbing.
- 23—Interference with animals.
- 24—Riding or parking motor cycles or vehicles.
- 25—Interference with fixtures or fittings.
- 26—Offences and penalties.

PART IV—TAXI-CABS

- 27—Permit.
- 28—Application for permit.
- 29—Authorized Officer to issue permit.
- 30—Grounds for refusal to grant permit.
- 31—Transfer of permit.
- 32—Duplicate permit or plate.
- 33—Examination.
- 34—Display of permit plate.
- 35—Identification.
- 36—Conduct of taxi-cab drivers.
- 37—Importuning for hire.
- 38—Use of taxi ranks.
- 39—Additional passenger.
- 40—Unlicensed vehicles.
- 41—Unlicensed drivers.
- 42—Penalties.

PART V—DEVELOPMENT CONTROL

- 43—Compliance with the plan.
- 44—Powers and duties of the Director.
- 45—Subdivision of land.
- 46—Disposal or land, extension of lease.
- 47—Application for subdivision.
- 48—Subdivision with impact on contiguous land.
- 49—Permission for subdivision.

- 50—Preparation of subdivision plan.
- 51—Format of subdivision plan.
- 52—Subdivision schemes.
- 53—Subdivision to be carried out by surveyor.
- 54—Registration of subdivision.
- 55—Registration of subdivision documents.
- 56—Density.
- 57—Plot coverage.
- 58—Reduction in plot area
- 59—Development permission.
- 60—Application for development permission.
- 61—Environment impact assessment.
- 62—Consideration of application.
- 63—Grant of development permission.
- 64—Referral to committee.
- 65—Registration of development documents.
- 66—Class “B” development.
- 67—Class “A” development.
- 68—Exemptions.
- 69—Grant of permission.
- 70—Applications.
- 71—Supplemental plans.
- 72—Retention of plans.
- 73—Restriction on developments.
- 74—Payment of fees.
- 75—Compliance with requirements.
- 76—Approval of building plans.
- 77—Disapproval.
- 78—Minor alterations and additions.
- 79—Nullification of approval.

- 80—Notification.
- 81—Access to building plans.
- 82—Survey beacons.
- 83—Inspection of foundation bed of buildings.
- 84—Qualification of approval.
- 85—Certificate of completion.
- 86—User other than that specified.
- 87—Public buildings.
- 88—Safety and performance certificate.
- 89—Performance compliance certificate.
- 90—Conservation and heritage.
- 91—Strategic development plan.
- 92—Subdivisions.
- 93—Offences and penalties.
- 93A. —Obstruction of enforcement officers.

PART VI—COUNTY GOVERNMENT RENTAL HOUSES

- 94—Assigning or subletting.

- (b) ensure the area of trade is free of litter;
- (c) do not engage in any offensive trade; and
- (d) operate only in the areas and hours designated by the county government.

Fixing of bills, placards or notices

18. A person, other than an employee of the county government or an authorized person shall not affix or post any bill, placard or notice to or on any fence enclosure, wall or any part of any building, barrier or railing, or of any fixed or movable seat or any other structure in the park.

Destruction of vegetation.

19. A person shall not damage or deface any tree, shrub or grass or remove any tree, shrub, plant or flowers, or pluck any bud, blossom, flower or leaf of any tree, sapling, shrub, under wood or other plant.

Depositing of litter

20. A person shall not willfully, carelessly or negligently throw or deposit any filth, rubbish, paper, bottles or other refuse of any kind in any part of a park or defile any wall or fence in or enclosing the park, or any buildings, barrier or railing or of any other in any park.

Fire

21. A person shall not kindle a fire or smoke in a park other than in designated places.

Climbing

22. A person shall not climb any wall, fence enclosure, any tree, barrier, railing, post or other erection in a park.

Interference with animals

23. (1) A person shall not injure or displace any animal in a park.

(2) A person shall not in any part of the park willfully displace or destroy any birds nest, or take, injure or destroy any birds.

Riding or parking motorcycles or vehicles

24. A person shall not ride any cycle or motor cycle or drive any motor vehicle in the park or leave any cycle, motor cycle motor vehicle elsewhere in the park other than in an area reserved as a parking ground.

Interference with fixtures or fittings

25. A person shall not except under the authority of the county government, interfere with any fixture, fitting, lamp, switch or meter in a park.

Offences and penalties.

26. A person who contravenes any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding ten thousand shillings or to seven months imprisonment or to both.

PART IV—TAXI CABS**Permit**

27. (1) The county government may issue—

- (a) a taxi cab permit; and
- (b) a taxi cab drivers permit.

(2) A permit shall expire on the 31st of December in the year for which it is issued.

Application for permit

28. (1) An application for a taxi cab permit shall be made in the prescribed form and shall be signed by the owner of the vehicle.

(2) An application form shall be delivered to the authorized officer at least one calendar month before the date on which the permit is intended to take effect.

Authorized officer to issue permit

29. (1) The authorized officer shall issue, in addition to the permit in respect of which application is made—

- (a) in the case of a taxi cab permit, a permit plate bearing the number of the permit issued and the number of passengers the vehicle is permitted to carry;
- (b) in the case of a taxi cab drivers permit, a badge bearing the permit number issued and the drivers photograph;
- (c) require taxicab drivers to wear the prescribed uniform while on duty; and
- (d) in case of bodaboda to have a pair of helmet and reflective jackets.

(2) In this subsection, 'bodaboda' means a motorcycle or a bicycle used for any trade or business.

Grounds for refusal to grant permit

30. The authorized officer shall refuse to issue a permit and the county government may at any time cancel a permit if —

- (a) in the case of a taxi cab permit the vehicle to which the application permit relates does not comply with the requirements of the Traffic Act, or of any Rules made there under, or, in the opinion of the county chief engineer, does not comply with any of the requirements of this Part or is otherwise unfit for use as a taxi cab and the county engineer so certifies in writing; or
- (b) in the case of a taxi cab drivers permit—
- (c) the applicant is unable to comply with the provisions of this Act; or
- (d) if the applicant fails to satisfy the authorized officer that he is a fit and proper person to hold such a permit.

Transfer of permit

31. (1) An authorized officer may, with the consent of the holder thereof and upon payment of a prescribed fee transfer taxi cab permit from the holder to another person.

(2) No permit shall be transferred so as to apply to a vehicle other than that in respect of which the original application was made and the permit issued.

Duplicate permit or plate

32. (1) An application for a duplicate permit or badge shall be made in writing to the authorized officer and shall set forth details of the lost permit, plate or badge, as the case may be and the manner in which the same was lost or destroyed.

(2) The authorized officer shall, if satisfied as to the facts disclosed in the application referred to in sub-section (1), and on payment of a fee as prescribed in fees and charges in the case of a taxi cab permit or plate and

in the case of taxi cab drivers permit or badge, issue to the applicant a duplicate permit or plate.

Examination

33. (1) The county government may require the examination of a taxi cab before issuing a taxi cab permit.

(2) An authorized officer may by notice require the examination of a taxi cab.

(3) The authorized officer may, on the advice of the county chief engineer after such examination, suspend the permit in respect of any taxi cab until such time as the vehicle is, in the opinion of the county engineer, fit in all respects to be used as a taxi cab.

(4) There shall be paid to the county at the time of each such examination, as is referred to in sub-section (1), a fee as prescribed in the approved fees and charges.

(5) An owner shall within forty-eight hours of its occurrence, report in writing to the authorized officer any accident in which damage is caused to a taxi cab.

(6) On receipt of notification of an accident, an authorized officer may require the vehicle to be produced immediately for re-examination in subsection (4).

Display of permit plate

34. (1) An owner shall cause the permit plate issued under this Part to be attached to the vehicle and maintained in such a manner and position as the county chief engineer may direct.

(2) Any owner who causes or permits a taxi cab to be on hire or to ply for hire without the plate referred to in sub-section (1) being attached thereto or with such plate so defaced that any figure or material particular thereon is illegible commits an offence

(3) An owner shall, within seven days of the expiry or cancellation of the taxi-cab permit return to the authorized officer the permit plate referred to in sub-section (1).

Identification

35. Every taxi cab shall have painted on the outside of both front doors of the vehicle and affixed inside in a position plainly visible to a passenger, in legible letters and figures the—

- (a) name of the owner;
- (b) business address of the owner;

- (c) number of the permit issued in respect of the vehicle; and
- (d) number of passengers the taxi-cab is permitted to carry.

Conduct of taxicab drivers

36. Every driver of a taxi cab shall whilst in charge of the taxicab—

- (a) behave in an orderly manner and ensures the safety of the passengers;
- (b) if he or she has been hired to be in attendance with the vehicle at an appointed time and place, unless prevented or delayed by some cause outside his or her control, shall punctually honor an appointment;
- (c) drive to destinations as directed by the hirer using the shortest and safe available routes;
- (d) not convey in the vehicle any greater number of passengers than the number for which it is permitted;
- (e) wear the prescribed uniform and permit badge issued in such a position and manner as to be plainly and distinctly visible;
- (f) if the vehicle is so constructed as to carry luggage, when requested by the hirer-
- (g) convey on the vehicle a reasonable amount of luggage;
- (h) secure any luggage carried outside the vehicle;
- (i) afford reasonable assistance in loading and unloading the vehicle;
- (j) afford reasonable assistance in removing the luggage to or from the entrance of any house, station or place at which he may take up or set down such persons.
- (k) if conveying any passenger whereby property is found in a vehicle shall within twenty-four hours report to the police station and obtain a receipt for it;
- (l) except when engaged on hire, park the taxi cab in a taxi rank;
- (m) if to his or her knowledge has conveyed a person suffering from or who is a carrier of any infectious or contagious disease, forthwith report to the department of health in the county and carry out such instructions as he may receive with respect to the disinfection of his vehicle;
- (n) be clean in person and clothing; and
- (o) refrain from smoking or spitting while carrying passengers.

Importuning for hire

37. Any driver who, when plying for hire, importunes any person to hire the vehicle by calling out or otherwise attracting their attention or makes use of the services of any other person for that purpose shall be guilty of an offence under this Part.

Use of taxi ranks

38. The driver of a taxi cab, when plying for hire in any street shall—
- (a) proceed with reasonable speed to a taxi rank;
 - (b) if a taxi rank, at any time of his arrival, is occupied by the full number of vehicles authorized to occupy it, proceed to another rank;
 - (c) subject to paragraph(b) when drawing up at a taxi rank, station the vehicle immediately behind the hindmost vehicle on the rank;
 - (d) from time to time when any other vehicle immediately in front is driven off or moved forward cause his vehicle to be moved forward so as to fill the place previously occupied by the vehicle so moved off or driven forward; and
 - (e) when in front or next to the front position in taxi rank remain with the vehicle ready for hire.

Additional passenger

39. The taxi driver on hire shall not accept other passengers without the consent of the original hirer.

Unlicensed Vehicles

40. A person who plies a vehicle for hire for which no permit has been issued commits an offence.

Unlicensed drivers

41. Any person who not being the holder of a taxi cab driver's license issued under the provisions of this Part, drives a vehicle whilst on hire or plying for hire, commits an offence.

Penalties

42. A person who contravenes any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding fifty thousand shillings or to imprisonment for a term not exceeding six months or to both.

PART V—DEVELOPMENT CONTROL**Compliance with the plan**

43. (1) Development of any land shall only be undertaken if it is in conformity with the spatial plan.

(2) In this Part, ‘Director’ means the county director responsible for matters relating to spatial planning.

Powers and duties of the Director

44. The Director may—

- (a) prohibit or control the use and development of land and buildings in the interests of proper and orderly development in an area;
- (b) control or prohibit the subdivision of land or existing plots into smaller areas;
- (c) consider and approve development applications and development permissions;
- (d) ensure the proper execution and implementation of approved physical development plans;
- (e) propose for the adoption of Regulations to regulate zoning in respect of the use and density of development; and
- (f) reserve and maintain the land planned for open spaces, parks, urban forests and green belts in accordance with the approved physical development plan.

Subdivision of land

45. No private land within the county shall be subdivided except in accordance with the requirements of a physical development plan approved in relation to that area.

Disposal or land, extension of lease

46. Subject to national law relating to the administration of land, no subdivision, consolidation, lease or renewal of lease of an unalienated public land or trust land or of a private land shall be affected without due regard being had to the requirements of the physical development plan of the area.

Application for subdivision

47. (1) A person intending to subdivide a parcel of land shall apply to the Director for approval in the prescribed form and upon payment of the prescribed fees.

(2) An application under subsection (1) shall be accompanied by a subdivision plan prepared in accordance with this Part.

(3) Upon receipt of the application under subsection (1), the Director shall, within thirty days, consider and review the application.

Subdivision with impact on contagious land

48. (1) Where in the opinion of the Director, an application in respect of development, change of user or subdivision has significant impact on contiguous land or does not conform to any conditions registered against the title deed of property, the Director shall, at the expense of the applicant, publish the notice of the application in the Gazette.

(2) The Director shall give notice of the application on every owner or occupier of the property adjacent to the land to which the application relates and to such other persons as the Director may deem fit.

(3) If the Director receives any objection to, or representation in connection with, an application made under subsection (1) the Director shall notify the applicant of such objections or representations and shall, before the application is determined afford the applicant an opportunity to make representations in response to such objections or representations.

Permission for subdivision

49. (1) The Director shall, where an application meets the requirements set out in this Part, grant the permission for subdivision in the prescribed form and subject to such conditions as the Director may stipulate.

(2) Where in the opinion of the Director, an application does not meet the requirements, the Director shall—

- (a) reject the application giving reasons and notify the applicant accordingly within thirty days of the decision to reject; or
- (b) make comments and recommendations thereon and return it to the applicant within fourteen days.

(3) The applicant to whom the application is returned under subsection (2) (b) may re-submit a revised application within thirty days of the date of notification.

(4) On receipt of any revised application under subsection (3), Director shall, within thirty days determine the application in accordance with this Act and upon such determination, if satisfied, issue a permission for subdivision.

Preparation of subdivision

50. (1) Any registered physical planner may prepare subdivision and land use plans in relation to any private land.

(2) A plan prepared under subsection (1) shall be subject to the approval by the Director upon payment of the prescribed fees.

(3) A subdivision plan shall not be prepared unless the subdivision scheme has been prepared and approved by the Director.

Format of subdivision

51. (1) An application for subdivision shall be submitted to the Director in the prescribed form and upon the payment of the prescribed fee.

(2) A subdivision plan shall be prepared in accordance with the conditions set in this Part and shall show the following—

- (a) that it is correctly plotted to scale;
- (b) the existing plot boundaries and their dimensions;
- (c) the location of the plot;
- (d) the land reference number or registration number of the plot and of contiguous plots;
- (e) the contiguous boundaries of all adjacent plots and road system;
- (f) lanes whether pedestrian and sanitary, and their widths;
- (g) the true north indicated by a pointer and the names of existing streets indicated including their widths;
- (h) the proposed scheme of subdivision;
- (i) the boundaries in the red color;
- (j) the approximate dimensions of sub-plots;
- (k) the proposed means of access, road or lane system if any with the widths of such streets, roads or lanes clearly indicated appropriately in the blue color on each plan;
- (l) other colors to be used in the subdivision plan in the blue color for surrender and the yellow color for demolition;
- (m) existing buildings of any nature whatsoever, correctly plotted and the relationship with the proposed boundaries of the plots or sub-plots clearly indicated;
- (n) building lines shown on the plan whenever necessary;
- (o) the proposed use of each sub-plot;
- (p) separate numbering for every sub-plot;

- (q) the line of every or any right-of way road or access or way leaves over the plot or sub- plot;
- (r) the signature of the owner or a duly authorized agent and the physical planning officer preparing the plans; and
- (s) the date of preparing the plans.

(3) An application for subdivision under subsection (1) shall be accompanied by—

- (a) twelve copies of all the plans prepared in the scale of the series of 500's;
- (b) a letter of consent to subdivide from the County Land Management Board; and
- (c) a certificate of official search or any other evidence from the respective Land Registrar.

Subdivision schemes

52. (1) In any scheme of subdivision of land, the following conditions shall be complied with—

- (a) streets shall be laid out in a manner to facilitate natural storm water flow;
- (b) adequate drainage facilities by streets, drainage reserves way leaves or otherwise as may be expedient and suitable shall be provided and such reserves and way leaves shall not in any case be less than three meters in width;
- (c) way leaves or reserves along any river, stream or water course shall be provided of not less than ten meters in width on each bank, except in areas where there is an established flooding;
- (d) where required by the Director, land suitable and adequate shall be reserved at no cost to the county for open spaces, amenities, recreational facilities, road reserves, public purpose relative to the area to be subdivided and for road widening;
- (e) streets connected at each end to other streets or which may be so connected shall be at a width required by the Director;
- (f) provision, adequate in the opinion of the Director shall be made for the truncation of street corners and the widening of existing streets or lanes;
- (g) plots shall be of appropriate shape and size and shall have proper and sufficient access to a street, such street not being a sanitary lane or passage;

- (h) the proposal shall conform with the provisions of any structure plan, local physical development plan, advisory plan, zoning, or development plan approved under this Part.

(2) Where any proposed street or road is included in the scheme of subdivision, the layout and construction of such street or road shall conform to the prescribed requirements.

Subdivision to be carried out by the surveyor

53. Each subdivision or subdivision scheme shall be carried out by a registered surveyor in accordance with the law governing land survey.

Registration of subdivision

54. Each subdivision or subdivision scheme shall be registered in accordance with the Land Registration Act, 2012 and certificate of title issued in respect to each parcel subdivided.

Registration of subdivision documents

55. (1) The Registrar shall not register any document relating to the subdivision of land unless the subdivision has been approved under this Part.

(2) Any registration of a document in contravention to subsection (1) shall be null and void.

(3) Notwithstanding subsection (2), a Registrar who registers a subdivision in contravention of subsection (1) commits an offence and shall be liable to a fine of two hundred thousand shillings or imprisonment for a term not exceeding one year or to both fine and term of imprisonment.

Density

56. (1) The size of a plot within an area shown on any structure plan, development plan, advisory plan, zoning plan or subdivision plan shall not be subdivided into smaller sub-plots than the minimum specified for the area within which the plot is situated without the consent of the Director.

(2) The Executive Committee Member, with the advice of the Director may increase the minimum size of the plot or sub-plot prescribed for any area if—

- (a) such minimum size is inconsistent with the amenity of the environs of any plot or portion of the area;
- (b) such increase is necessary for the proper development of the plot or sub-plot; or
- (c) the nature of the ground necessitates large plots or sub-plots to obtain good hygienic conditions.

(3) Where a scheme relates to subdivision of land within agricultural land, the Executive Committee Member, on the recommendation of the Director shall prescribe—

- (a) the minimum size of plots;
- (b) the use of such land or building; and
- (c) the maximum number and coverage of buildings to be erected per acre.

Plot coverage

57. The Director shall determine the plot coverage and plot ratios depending on the zoning of the urban area and the level of urban services available.

Reduction in plot area

58. No plot on which a building is erected shall be reduced in area so that in relation to the reduced site the area covered by the building exceeds the percentage permitted for that class of building, except where the reduction in area is caused by acquisition of land by a proper authority.

Development permission

59. (1) A person shall not carry out any development without a development permission granted under this Part.

(2) A person who contravenes this section is liable to a fine not exceeding one hundred thousand shillings or to imprisonment for a term not exceeding one year or to both.

(3) Notwithstanding subsection (2)—

- (a) a development that does not comply with this section shall be discontinued;
- (b) the Director may issue a notice to the developer to restore the land on which such development had taken place to its original condition within a period of ninety days;
- (c) if on the expiry of the ninety days' notice given to a developer under subsection (1) such restoration has not been effected, the Director shall restore the site to its original condition and recover the cost incurred from the developer.

(4) Any dealing in connection with a development in respect of which an offence is committed under this section shall be null and void.

(5) A licensing authority shall not grant a license for commercial or industrial use or occupation of any building, or in respect of any premises

or land, for which no development permission has been granted under this Part.

(6) In subsection (5)—

- (a) “licensing authority” means any government agency responsible for issuing licenses or permits under any written law;
- (b) commercial use includes shops, offices, hotels, restaurants, bars, kiosks, markets and similar business enterprises and trade but does not include petroleum filling stations; and
- (c) industrial use includes manufacturing, processing, distilling and brewing, warehousing and storage, workshops and garages, mining and quarrying and other similar industrial activities including petroleum filling stations.

(7) Any person who contravenes subsection (5), shall be guilty of an offence and shall be liable to a fine not exceeding one hundred thousand shillings or to an imprisonment not exceeding twelve months or to both.

Application for development permission

60. (1) A person intending to undertake any development regulated under this Part shall apply to the Director in the prescribed form and shall pay such fees as may be prescribed.

(2) An application under subsection (1) shall—

- (a) provide sufficient details describing the land where the development is proposed to be done;
- (b) be accompanied by such plans and particulars as are necessary to indicate the purposes of the development;
- (c) show the proposed use and density; and
- (d) where applicable, the land which the applicant intends to surrender for—
 - (i) purposes of principal and secondary means of access to any subdivisions within the area included in the application and to adjoining land;
 - (ii) public purposes consequent on the proposed development.

(3) An application for development permission shall not be considered unless it is accompanied with the certificate of title issued in respect to the parcel of land where development is intended to take place under the Land Registration Act, 2012.

(4) For the avoidance of doubt, no application or grant for development permission shall be considered or issued where the applicant provides a share certificate as prove of ownership of the parcel of land where development is intended to take place.

Environmental Impact Assessment

61. Where an application is in connection to a project in which an environmental impact assessment is required to be conducted under the Environment Management and Coordination Act, such an application shall be accompanied by the environment impact assessment report approved by the National Environment Management Authority.

Consideration of application

62. (1) Upon receipt of the application under section 60, the Director shall, within thirty days, consider and review the application.

(2) In considering and reviewing an application under section 60, the Director shall—

- (a) take into consideration legal and statutory provisions;
- (b) ensure that the proposed development is within the physical development plan and complies with the stipulated requirements therein.
- (c) in the case of a leasehold, have regard to any special conditions stipulated in the lease.

(3) If the proposed development requires subdivision or change of user of agricultural land, the Director shall require the application to be referred to the County Land Management Board.

(4) The County Land Management Board shall, within thirty days of receipt of an application under subsection (3), make a report to the Director indicating whether the application should be accepted or rejected.

Grant of development permission

63. (1) Where an application satisfies the conditions set under this Part, the Director shall grant the development permission in the prescribed form subject to such further conditions as the Director may state.

(2) Where an application does not satisfy the conditions set under this Part, the Director may—

- (a) reject the application giving reasons and notify the applicant accordingly within thirty days of the decision to reject; or
- (b) make comments and recommendations thereon and return it to the applicant within fourteen days.

(3) The applicant to whom the application is returned under subsection (2) (b) may re-submit a revised application within thirty days of the date of notification.

(4) On receipt of any revised application under subsection (3), the Director shall, within thirty days, determine the application in accordance with this Part and upon such determination, if satisfied, issue a development permission.

Referral to the Committee

64. (1) The Director shall refer any application for development permission, which involves matters of major public policy, to the County Spatial Planning and Coordinating Committee within fourteen days of receiving such an application, for consideration and approval.

(2) Where an application for development permission has been referred to the County Spatial Planning and Coordinating Committee under subsection (1), the provisions of this part relating to the consideration of applications development permission shall apply.

(3) The County Spatial Planning and Coordinating Committee shall accord an opportunity to the applicant whose application has been referred to it to appear in person or through his representative during the hearing and consideration of the application.

(4) The County Spatial Planning and Coordinating Committee shall consider and make a determination on the application within thirty days.

(5) The Director shall serve a notice of the County Spatial Planning and Coordinating Committee's decision to the applicant within seven days of such decision.

(6) Any applicant who is aggrieved by the decision of the County Spatial Planning and Coordinating Committee may, not later than thirty days after being notified of the committee's decision, appeal against such to the Environment and Land Court.

Registration of development documents

65. (1) The Registrar shall not register any document relating to the development of land regulated under this Part unless the development permission has been granted.

(2) Any registration of a document in contravention to subsection (1) shall be null and void.

(3) In this section, "Registrar" has the meaning assigned under the Land Registration Act, 2012.

Class “B” development

66. The county government shall approve erection of buildings or substantial alterations, works and the carrying out of building operations, as the county executive committee member responsible for matters relating to development controls may from time to time determine, which for the purposes of this part is classified as class “B” development, provided that—

- (a) the carrying out of works for the maintenance of improvements or other alteration of or addition to any building where such alterations or additions do not exceed 10% of the floor area of the building;
- (b) the carrying out by a competent authority of any works required for the construction, maintenance or improvement of a road, if the works are carried out on land within the road reserves; and
- (c) the carrying out by the county government of any works for the purpose of inspecting, repairing or renewing any sewers, mains, pipes, cables or other apparatus, including breaking open of any street for that purpose and the installation of services by the county government; shall not constitute development for the purposes of part:

Provided further that the county government and any other person carrying out works approved by the county government, shall within seven days after completion of works carried out in this section restore the site to conditions that would not be injurious to users and the environment.

Class “A” development

67. (1) Class ‘A’ development includes—

- (a) the deposit of refuse, scrap or waste materials on land involving a change of use thereof;
- (b) the use as two or more dwellings of a building previously used as one dwelling;
- (c) the erection of more than one dwelling or shops or of both dwelling and shop on one plot constitutes; and
- (d) the display of any advertisement.

(2) The use of any buildings or land within the cartilage of a dwelling for any purpose incidental to the enjoyment of the dwelling.

Exemptions

68. Building which is not a public building or a dwelling and is not constructed to be used either wholly or partially for human habitation or as

a place of habitual employment of any person in manufacturing, trade or business but which is constructed for use exclusively in connection agricultural estates, shall be exempt from Part if it—

- (a) is situated not less than ten (10) meters from any public road or road of access and not less than two (2) meters from any building other than a building exempted under this part and from the nearest boundary of any adjoining land and premises; and
- (b) is constructed on land not being within any residential, business, commercial or industrial area or zone so determined by the county government.

Grant of permission

69. (1) The county government may in writing allow for the erection of building where the materials used or the standard of construction and general appearances of the buildings are not regarded by the County Government as consistent with good, and satisfactory development, or which are of temporary nature or for occupancy of short duration.

(2) Any permission granted under this Part shall be upon such terms and conditions as the county government may prescribe.

Applications

70. (1) A person who proposes to erect a building shall on any commercial land apply for approval to the authorized officer in the prescribed form.

(2) Such applications shall be made in the form prescribed in the fourth schedule of the Physical Planning Act and shall contain written particulars relating to the following the purposes for which the building or erection will be used—

- (a) the number of dwellings or separate tenancies or occupancies to be provided in the building;
- (b) the material of which the building will be constructed;
- (c) the mode of drainage and means of disposal of waste water, soil water, roof water and other liquid;
- (d) the water supply;
- (e) in the case of public building the number of persons to be accommodated in each part thereof, the means and capacity thereof for ventilations and the provisions made for the safety of the public; and

- (f) in the case of any building other than public building, the maximum number of persons to be employed and otherwise is accommodated in each part thereof.

(3) The application shall be submitted to the authorized officer in triplicate or in the case of factories in quadruplicates or upon the request of county planner such further copies.

(4) Permanent blue prints made from a tracing in permanent ink, the following plans, sections, elevations and drawings delineated in a clear and intelligible manner and signed by the applicant or his duly authorized agent—

- (a) a plan of every floor or storey;
- (b) a drawing of each elevation;
- (c) sufficient sections of the buildings from the foundations to the uppermost part of the structure to illustrate the construction thereof;
- (d) such detailed drawings as may be necessary;
- (e) a block plan of building and site;
- (f) a key plan showing the building and the site when it is not sufficiently identifiable from the block plan or as not properly shown thereon; and
- (g) in the case of alterations and additions, sufficient drawings to show clearly the existing structure and arrangements and the proposed alterations and additions.

(5) The plans, elevations and sections shall be to a scale of not less than one is to one hundred (1:100) or if the building is so extensive as to render a small scale necessary not less than one to two hundred (1:200), but in the latter case ample detailed drawings shall be provided to show clearly methods of construction. The block plan shall not be to a scale of not less than one is to one thousand (1:1000) except where the area of the plot is in excess of two hectares in which case the block plan may be one is to two thousand five hundred (1:2500) but in the latter case sufficient detailed plan shall be provided on other drawings to show clearly the sitting and layout of buildings and drainage thereof.

(6) There shall be shown—

- (a) upon the plans, elevations and sections—
 - (i) the levels of the site of the buildings; the levels of the lowest floor of the building, the level and slope of any street adjoining the building in relation to one

another and above some known datum, provided that the relationship between the level of the lowest floor and the level and slope of the street need not be known if the building is more than six meters away from the boundary of the street;

- (ii) the position, form and dimensions of the foundations, walls, floors, roofs, chimneys and several parts of the buildings;
 - (iii) the position, form and dimensions of every water- closets, urinal, pail closet, water tank, cistern to be constructed or installed in connection with the building;
 - (iv) details of the proposed drainage work including the position, form and arrangement of the several part of the building to which such drainage work refers, the size, gradient materials and position of every drain; the size position and construction of every manhole, inspection chamber, septic tank, cess pool, storage tank, sewage filter installation or other work for the treatment, storage, reception or disposal of sewage or drainage; the size materials of every galley, soil type, waste pipe, ventilating pipe and rain water pipe; the position of every soil fitting and waste water fitting and the position of every soil fitting and waste water fitting and the position of all windows and other openings into the building situated within a distance of six meters from the open end of every soil pipe, waste pipe and ventilation pipe; and
 - (v) the purposes of which each portion of the building will be used and the extent of each portion which will be separately occupied or tenanted.
- (b) upon the block plan—
- (i) the size and position of the building and its appurtenances and the size and position of any existing buildings on the plot or sub-plot and the nature of their construction and use;
 - (ii) the position of any buildings on any adjoining plots or sub-plot which are within fifteen meters from the plot or sub-plot on which the proposed building is to be erected, and the nature of their construction and use, and the building lines of the adjacent buildings;
 - (iii) the name, position and width of every street adjoining the cartilage of the building;
 - (iv) any established, proposed or prescribed building line;

- (v) the size and position of every yard and open space belonging to the building;
 - (vi) the position of every water-closets, urinal, pail, closet, latrine, well and water tank or cistern and every out-building in connection with the building;
 - (vii) the lines of drainage of the building, the size, the depth and inclination of every drain and the means to be provided for ventilation of the drain, and the position of every manhole, inspection chamber, gulley, junction, bend, intercepting trap and connection with a sewer combined drain, septic tank or other receptacle for drainage;
 - (viii) the position and level of the outfall of the drain and the sewer, if any, to which the drain will be connected; and
 - (ix) the means of disposal of sewage, waste water, rain water and the liquid discharged from the building and the position of such means.
- (c) upon the detail drawings, such parts of the structure as cannot be adequately illustrated on the plans and drawings made to the scales herein specified.

Supplemental plans

71. There shall be supplied such additional or supplemental plans, drawings, figured dimensions, particulars and structural calculations as the county physical planner may require, and in the case of structural work of steel, reinforced concrete or timber, there shall be provided certificate from the designer who shall be a practicing, chartered, civil or structural engineer or other person possessing similar qualifications acceptable to county government that the design conforms in all respects with relevant recommendation of British Standard Codes of practice 112,113,114 or any other relevant British Standard codes.

Retention of plans

72. One set of the plans and drawings submitted for approval will be retained by the county government in the case of leasehold land, one set will be retained by the National Land Commission in the case of factories and one set may be retained by the Chief Inspector of factories.

Restriction on development

73. (1) A person shall not carry out development within the county without development permission from an authorized officer.

(2) Any person who contravenes sub-section (1) above commits an offence and shall be liable upon conviction to a fine not exceeding Kenya shillings five hundred thousand or to an imprisonment for a term not exceeding five years or to both.

Payment of fees

74. There shall be paid to the county government in respect of an application under this Part the prescribed fees.

Compliance with requirements

75. (1) An application for approval of a building plan shall contain the following particulars of the proposed building plan—

- (a) sitting, design and amenities;
- (b) coverage;
- (c) space about buildings, lighting and ventilation;
- (d) boundary walls or hedges;
- (e) materials;
- (f) building sites;
- (g) drainage, sewerage, septic tanks, conservancy;
- (h) fire safety precautions and emergency exit, refuse disposals;
- (i) water supply;
- (j) advertisements and signs; and
- (k) requirements as to loadings, foundations, resistance to fire, damp and weather, roofs, floors, chimneys, flues, hearths, reinforced concrete and steel structures, stairs and lifts.

(2) An applicant shall ensure that the plans and building are in conformity with this Part, the British Standard Specification published by the British Standard Institution, for any material or the British Standard code of practice published by the British Standard Institution, for any building preparation.

Approval of building plans

76. If the county government approves the plans for the erection of a building, it shall by notice notify its decision for approval in accordance with the provisions of the Physical Planning Act.

Disapproval

77. If the county government disapproves the plans for the erection of a building, it shall notify the applicant within thirty days of the reason for disapproval.

Minor alterations and additions

78. The county physical planner may grant permission to any person to proceed with any minor alteration or addition to a building or to the erection of any boundary wall or screen wall or fence or of a hoarding which complies generally with the intent and purpose of the provisions of this Part but which may be regarded as of minor importance and such permission shall be deemed to be the approval of the county government of the applicant's proposals and drawings.

(2) In the event of any such permissions not being acted upon within six months from the date of such permission, it shall lapse.

Nullification of approval

79. The approval for plans for erection of a building shall be invalid if—

- (a) the erection has not been commenced within twelve months after the date of such approval, or
- (b) erection has been commenced but the building has not been completed within a period of two years from the date of approval unless county government approves an extension of such period.

Notification

80. (1) Any person who commences to erect a building without plans having been approved by the county government or the approval plans have been having obtained the county government's approval of the plans for the erection of a building, erects such building otherwise than in accordance with the approved plans commits an offence.

(2) An authorized officer may by notice served on a person require him or her to—

- (a) cease the erection of such buildings;
- (b) erect such buildings strictly in accordance with the approved plans;
- (c) execute such works or alterations or additions to such buildings as may be prescribed in such notice in order to render such buildings safe and sanitary; or
- (d) to remove or demolish such building.

Access to building plans

81. (1) Any person who proceeds to erect any building the plans of which have been approved by the county government shall—

- (a) give the county planner not less than four days' notice in writing, of the time and date when—
 - (i) the erection of the building will be commenced;
 - (ii) the concrete or other materials laid over the site, or the foundation bed, or the foundation, or the footings or the damp-proof course will be completed and ready for inspection;
 - (iii) the reinforcement of a reinforced concrete structure will be placed in a position ready for inspection;
 - (iv) the roof construction will be commenced; and
 - (v) any drainage work will be commenced;
- (b) at all reasonable times allow the county physical planner, medical officer of health, public health officer, building inspector, health inspector or any other authorized officer, free access to the building or work for the purpose of inspection;
- (c) permit the county physical planner to take such samples of the materials to be used in the construction of any building or execution of work, as may be necessary to enable him to ascertain whether such materials comply with the provisions of this Part or with the approved plans;
- (d) not erect any building or execute work otherwise than in conformity with the plans approved by county government and in compliance with the provisions of this Part;
- (e) if he or she has received a notice from the authorized officer pointing out the respect in which the work or building does not conform to the plans as approved by the county government or contravenes any provision of this Part, alter or amend the work or building to conform to the said plans and to comply with the provisions of this Part within the time stated in such notice, and shall advise the county planner, in writing, of the completion of the alteration or amendment;
- (f) provide sanitary conveniences for the workmen employed on the works to satisfaction of the medical officer of health;
- (g) erect such hoarding as shall be necessary for the protection of the public;

- (h) if any concrete or other material laid over the site, or any foundation bed, or foundation, or footing or damp-proof course is covered up before the same has been inspected and approved by the county physical planner, the county planner will issue a notice in writing requiring him within the time specified in the notice to cut into, lay open or pull down so much of the building as prevents the county physical planner from ascertaining whether any of the provisions of this Part have been contravened or whether the approved plans have been complied with; and
- (i) not to permit the damage or obstruction of any drain or drainage channel within any road reserve during building operations; not dump or permit to be dumped any building materials or rubbish or erect any hoarding within any road reserve without the written consent of the county physical planner nor otherwise than in compliance with any conditions he may stipulate;
- (j) on completion of the building or work—
 - (i) remove from the site or from any adjacent land which he may have occupied all surplus building and excavated materials and all rubbish and leave such site or land clean and tidy; and
 - (ii) restore and leave in good condition all pipes, drains, roadways, kerbs, water channel, roadside drains, footways, pavements or other things which may have been damaged or through his operations and transport;
- (k) notify the county physical planner, in writing, when the erection of the building or execution of the work has been completed, such notice to be given as soon as practicable after completion thereof.

Survey beacons

82. The owner of any plot or sub-plot who submitted any application to erect any building thereon shall, if required by the county physical planner, point out the survey beacons making the corners of such plot or sub-plot either before the application is approved or after the application is approved and before building operations are commenced.

Inspection of foundation bed of buildings

83. No foundation bed, foundations, footings, damp-proof course, reinforcement in reinforced concrete, roof construction or drain shall be covered up unless and until the said works have been inspected and approved by the county planner:

Provided that such inspection shall be made within three days of the receipt by the County Physical Planner of a notice, in writing from the owner of the building or the builder that such works are ready for inspection.

Qualification of approval

84. The approval of any plans, drawings, sections, particulars or calculations of any building or structure or work or the inspection thereof shall not in any way impose or imply acceptance of any responsibility on the part of county government for the structural stability of any such building, structure or work.

Certificate of completion

85. (1) Every owner who shall intend to occupy a new building or permit the same to be occupied shall furnish to the county government a certificate of completion, signed by him or his authorized agent, to the effect that the building has been completed in every respect in accordance with the approved plans and particulars thereof, and shall apply for a certificate of occupation.

(2) On receipt of such certificate, the County Physical Planner, county fire officer and public health officer, if satisfied that the building is in conformity with such approved plans and particulars and that it is fit for occupation, shall issue a certificate of occupation.

(3) A person shall not occupy any new building or being the owner thereof allow such building to be occupied unless and until he has obtained a written permit of occupation as required by the provisions of this Part.

User other than specified

86. (1) Where any building has been erected, a person shall not except with the permission of the county government given under the hand of the county physical planner and upon such terms as the county government may prescribe, use or being the owner thereof allow to be used such building otherwise than for the purposes specified or indicated in the approved plan in respect thereof and for which purposes the building was constructed.

(2) In this section 'purpose' means the particular purpose for which a building or part thereof has been erected or to which it has lawfully been altered and not solely its general purpose as a domestic building, public building or other type of building.

(3) In a domestic building, only that portion thereof which has been erected as a dwelling may be used as such.

(4) In a dwelling, any habitable room therein which complies with the provisions may be used as such notwithstanding its designation on the approved plans but no apartment such as a larder, store, pantry, closet or scullery, not designated or designed as a habitable room shall be used as a habitable room.

(5) No apartment provided in connection with a domestic building for the express purpose of housing domestic servants shall be used by other than domestic servants of the occupier or occupiers of the building.

Public buildings

87. All public and industrial warehouses shall be designed and constructed as to allow maximum access and facilities for the people living with disabilities such toilets, lifts and access facilities.

Safety and performance certificate

88. The county government shall issue safety and or performance certificate to all buildings periodically every five years detailing the—

- (i) planned maintenance which is the maintenance carried out as a result of fore thought, control and the issue of records to a predetermined plan;
- (ii) preventive maintenance which is the maintenance carried out at predetermined intervals or corresponding to prescribed criteria and intended to reduce the probability of failure or the performance degradation of an item. An all-inclusive audit shall be conducted to ascertain all aspects of building constructed and installation; and
- (iii) condition based maintenance which is the preventive maintenances initiated as a result of knowledge of the condition of the building from routine or continuous monitoring that is through periodic condition surveys.

Performance compliance certificate

89. (1) Safety and performance compliance certificates shall be classified into the following categories for the different types of buildings—

- (a) category 1;
- (b) category 2; and
- (c) category 3.

Where category 1: Domestic or public or industrial buildings which are sound and which do not require any immediate maintenance activities or remedial action.

Where category 2: Domestic or public or industrial buildings which are sound and but with minor defects requiring remedial action.

Where category 3: Domestic or public or industrial buildings which have deteriorated to a level where no remedial

action can restore it to original designed function and is therefore condemned and must be demolished.

(2) The buildings to which categories (2) and (3) of this Part apply are domestic, industrial, factory or warehouse buildings and public buildings with the exception of buildings of historical value as defined in the relevant Act.

Conservation and heritage

90. (1) For the purposes of conservation and heritage, the county government shall need to regularly identify and list buildings of historic and heritage value.

(2) The buildings in sub-section (1) are to be protected and conserved by the owners and shall not be demolished or altered without authority of the county government who will work in consultation with antiquities bodies or National Museums of Kenya.

(3) Incentives in the form of reduction on land taxes may be provided to the respective owners by the national government and county government.

(4) The buildings and their neighborhoods shall be identified and preserved as conservation sites or areas.

Strategic development plan

91. (1) The county government will put in place zoning maps which will guide developments within the county.

(2) The zoning maps shall be reviewed regularly within the review period of development strategies.

(3) The county government shall do regular spot zoning to capture anything missed out during the regular zoning.

(4) The county government shall put in place and operationalize a building code.

Subdivisions

92. (1) No private land within the county may be sub-divided except in accordance with the requirements of the county's physical development plans approved in relation to that area under this Part and upon application made in the form prescribed in the fourth schedule of the Physical Planning Act.

(2) The sub-division and land use plans in relation to any private land shall be prepared by a registered physical planner and such plans be subjected for approval by the county government.

(3) Where in the opinion of the county government an application in respect of development, change of user or subdivision has important impact on contiguous land or does not conform to any conditions registered against the title deed of the property, the county government shall, at the expense of the applicant, publish the notice of the application in the gazette or in such other manner as it is deemed expedient, and shall serve copies of the application on every owner or occupier of the property adjacent to the land to which the application relates and to such other persons as the county government deems fit.

(4) If the county government receives any objection to, or representation in connection with an application made under sub-section (1), the county government shall notify the applicant of such objection or representations and shall before the application is determined by it afford the applicant an opportunity to make representation in response to such objections or representations

(5) The county government may approve an application made under sub-section (1) with or without conditions or decline to approve.

(6) Any person carrying out subdivision of more than five acres and change of user from agriculture to commercial, residential or industry shall provide ten percent of land for public use and communicate the same and surrender to county government strictly for public utility.

Offences and Penalties

93. A person who does not comply with any provision of this Part commits an offence and is liable upon conviction to a fine not exceeding two hundred thousand shillings or imprisonment to a term not exceeding twelve months or to both.

Obstruction of enforcement officers

93A. (1) A person shall not interfere with or obstruct any authorized officer from performing their lawful duties under this part.

PART VI—COUNTY GOVERNMENT RENTAL HOUSES

Assigning or subletting

94. A tenant of a county government house shall not assign, sublet or part with the possession of the premises or any part thereof without the written consent of the county government.

Payment of rent

95. A tenant shall pay the prescribed fee in advance on or before the first day of every month.

Alteration

96. A tenant shall not without a written consent of the county government make any alterations or additions to the county government premises.

Illegal extensions

97. A tenant shall not construct or cause to be constructed any structures for dwelling whether permanent or semi-permanent in nature within the county government's estates.

(2) A tenant who contravenes the provision of sub section (1) commits an offence and shall have the said structure demolished.

Eviction

98. The county government may upon giving a notice of sixty days to a tenant, who has breached these provisions, evict the said tenant.

Recovery of rent arrears

99. The county government shall at the time of evicting a tenant who is in rent arrears, impound the tenant's household goods and after the expiry of the notice given to the tenant dispose of the tenant's goods to recover the rent arrears.

Inspection of premises

100. An authorized officer may by notice issued to the tenant carry out inspection of the premises within reasonable working hours.

Poultry and animal keeping

101. No tenant shall keep any poultry or animals on the premises except as domestic pets.

Planting of crops

102. A tenant shall not plant any crop in his or her garden or compound of the premises he or she occupies unless with a written consent of the authorized officer.

Nuisance

103. A tenant shall not cause to be done in the premises anything which causes nuisance to the occupants of the neighboring premises.

Prohibited use

104. A tenant shall not use the premises for commercial purposes.

Damages

105. A tenant shall not damage the floors, walls, timber of the premises, water pipes, boundary fences, hedges or cut any tree.

Notices

106. Any notice required to be served under this Part shall be deemed to have been served if the same is either delivered at the tenant's premises or posted to the tenant's registered post.

Penalties

107. A person who contravenes the provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding seven thousand shillings or to imprisonment for a term not exceeding seven months or to both.

PART VII—ABATTOIRS**Amendment to the First Schedule of the Machakos County Abattoirs Act 2022**

108. The Machakos County Abattoirs Act, 2022 is amended by deleting the First Schedule and substituting therefor Part 20 of the Second Schedule.

PART VIII—PRIVATE LEARNING INSTITUTIONS**Permitted premises.**

109. A person shall not carry on the business of a learning institution within the county unless he or she holds a valid permit and the premises meet the required standards.

Form of permit.

110. An application for grant of a permit to carry on business of a learning institution and for the premises shall —

- (a) be in prescribed form; and
- (b) contain such necessary information as prescribed.

Duration

111. The initial term of a permit shall be on the date on which the permit is granted and will end on 31st December of that year.

Transfer of permit not allowed.

112. (1) A permit issued under this Part shall not be transferable without prior consent in writing of the county government.

Conditions for issuance of permit

113. No permit shall be granted unless the county government is satisfied that—

- (a) the premises in respect of which a permit is desired comply with any building plan for the time being in force in the county government;
- (b) the premises are suitable in all respects for use as a learning institution and are capable of accommodating the number of children or pupils or students proposed to be accommodated therein;
- (c) the number of persons proposed to be employed to teach and take care of children or pupils or students is sufficient to safeguard their health, or safety; and
- (d) the learning institutions meet the ministry of education set standards.

Conditions of premises

114. The permit holder shall maintain the permitted premises in good order and condition to the satisfaction of the county government and in the event of his or her failure to do so, the county government may cause a notice to be served upon the permit holder requiring him or her within the period specified in the notice, to carry out such works as may in the opinion of the county government may be necessary to put such premises in good order and condition and if the permit holder fails to do such work within the time specified in such notice he or she commits an offence under this Part.

Infected persons

115. A person working in a learning institution permitted under this Part must have a valid medical certificate from a recognized medical officer.

Inspection of schools

116. The medical officer of health or any other authorized officer may at all reasonable times enter and inspect any premises in the county which are being used for the purpose of carrying on a learning institution.

Fees

117. The fee payable for the grant, renewal or transfer of a permit under this Part shall be per the prescribed fees and charges.

Duty of permit holder

118. The permit holder shall be responsible for the due observance of this Act in respect of the premises for which he holds a permit and any breach thereof by any servant of the permit holder shall be deemed to be a breach by the permit holder.

Offences

119. A person who contravenes any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding Kenya shillings one hundred thousand shillings or to imprisonment for a term of year or to both.

PART IX—HAWKING**Application for permit**

120. (1) An application for a hawking permit shall be made to the authorized officer in the prescribed form and shall state the particulars of the commodity and the places where hawking will be conducted.

(2) No person shall conduct or engage in hawking without a permit.

Issuance of permit

121. (1) A permit to engage in hawking business or activities shall be issued upon payment of the prescribed fee by the authorized officer.

(2) A permit may be restricted to a particular area or for specified goods, wares, merchandise and refreshments.

(3) There shall be issued with each permit a badge relating thereto.

Production of a permit

122. (1) A hawking permit shall be displayed in a conspicuous place by the holder and shall be produced on demand by an authorized officer.

(2) An authorized officer may inspect any commodities and goods which are being sold though hawking.

(3) Any person who obstructs hinders or otherwise interferes with any such duly authorized officer or inspector in the execution of his or her duties under this Part commits an offence.

Hawker's assistant

123. (1) Upon payment of prescribed fee, an authorized officer may issue a permit authorizing the person named therein to be employed by or to assist a person having permit under this Part who—

- (a) hawks' refreshments; or
- (b) is living with disabilities:

Provided that:

- (c) not more than one permit shall be issued under this section in respect of each permit; or
- (d) where a permit is issued under this Section the relevant permit issued shall be endorsed with the words “one assistant’s permit issued”.

Transfer of permit

124. A permit holder who transfers a permit or badge without written approval of an authorized officer commits an offence.

Impounding of goods

125. (1) Any person who without a valid permit engages in hawking or permit holder who engages in hawking in a non-designated area shall have the goods impounded and forfeited to the county government.

(2) The provisions of sub section (1) shall not apply where a person is arraigned in court.

Hawking in central business district

126. Any person who engages in hawking with or without a permit within the restricted areas of the central business areas defined by the county government from time to time commits an offence.

Buying negotiating, soliciting and inducing

127. Any person who solicits, bargains, induces or negotiates with any hawker with a view to buy or sell any hawking goods in a non-designated area commits an offence.

Penalties

128. A person who contravenes any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding Kenya shillings five thousand shillings or imprisonment for a term not exceeding seven months or to both.

PART X — ENVIRONMENTAL MANAGEMENT

Amendment to the First Schedule of the Machakos County Environmental Management Act 2022

129. The Machakos County Environmental Management Act, 2022 is amended by deleting the First Schedule and substituting therefor Part 24 of the Second Schedule.

Amendment of Section 112 of the Machakos County Environmental Management Act, 2022

130. Section 112 is amended by inserting the following new section immediately after section 112—

Fees

“112A. Any fees payable under this Act shall be per the Schedules”.

PART XI—LIQUOR LICENSING

Amendment of Section 37 of the Machakos County Liquor Licensing Act 2014

131. Section 37 of the Machakos County Liquor Licensing Act 2014 is amended by inserting the following new section immediately after section 37—

Fees

“37A. Any fees payable under this Act shall be per the First Schedule.

PART XII— SAND HARVESTING

Amendment to the First Schedule of the Machakos County Sand Harvesting Act 2014

132. The First Schedule of the Machakos County Sand Harvesting Act 2014 is amended by adding paragraphs per Part 4A of the Second Schedule.

PART XIII— POUNDS

Establishment of Pounds

133. (1) The county government may establish, control and maintain for the reception and detention of any animals, vehicles or items impounded under this Act and may appoint an authorized officer to be in charge of such pounds.

(2) An authorized officer may seize any animal found straying in any street, or public place or any vehicle or item being in use in contravention of this Act and may take such animal, vehicle or item to a pound to be impounded.

(3) The owner or occupier of any land may cause any animal which he or she finds trespassing on his or her land and may take it, or cause it to be taken to a pound to be impounded.

Receipt of animals by authorized officer

134. An authorized officer may receive into any pound and detain therein any animal brought to him or her and shall supply every animal impounded with suitable and sufficient food and drink.

Release of impounded animal, vehicle or item.

135. (1) Every person seeking the release of any impounded animal, vehicle or item properly impounded shall pay to the county government the prescribed fees.

(2) An authorized officer shall not release any animal, vehicle or item from any pound until the person seeking such release has paid the prescribed fees.

(3) No animal shall be released from any pound within one month of being received into the pound to any other person, other than the owner of or the person normally having control of that animal.

Declaration of unclaimed items.

136. Any animal, items or vehicle not claimed within one month of having been received into a pound shall be deemed to be ownerless.

Sale of unclaimed animals, items or vehicles.

137. An authorized officer may sell or cause to be sold any animal deemed to be ownerless and—

- (a) the proceeds of such sale shall be applied to the cost of such sale and the surplus, if any, shall be retained for a period of three months from the date of sale;
- (b) the surplus for such sale, if any shall be returned to the owner of the animal, item or vehicle sold upon proof of ownership and making of a claim within three months from the date of such sale; and
- (c) any surplus from such sale, if not claimed within three months from the date of such sale shall be credited to the county government.

Slaughter of unclaimed animals.

138. An authorized officer may order the slaughter of any animal taken to a pound and detained therein, if it appears that the slaughter of such animal is necessary or advisable for prevention of spread of disease or for humane reasons.

Immunity

139. An authorized officer shall not be liable for—

- (a) the release of any animal other than to the owner or the person normally having control of the animal;

- (b) the payment of any proceeds of sale to a person other than the owner of the animal;
- (c) the slaughter of any animal; or
- (d) any loss or damage incurred by or caused to any person by the reason of or in the process of impounding any animal, vehicle or item according to this Act.

Fees

140. Fees payable under this part shall be as per the prescribed fees.

Penalties

141. A person who fails to comply with any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding ten thousand or to imprisonment of a term not exceeding twelve months or to both.

PART XIV—PUBLIC LAVATORIES**Partnership**

142. (1) The county government may—

- (a) partner with any person to provide public lavatory services at a fee agreed between the parties;
- (b) enter into a lease agreement with a private party to manage the existing public lavatories:

Provided the above partnership shall only be for management purposes.

(2) The partnership and lease agreement mentioned in sub-section (1) will be reviewed as agreed by the parties.

(3) The person managing the public lavatory shall pay for the water, sewerage, electricity and refuse to the relevant bodies.

(4) The person managing or leasing a public lavatory will pay the county government a monthly fee or quarterly fee or such a fee as prescribed.

Use of lavatory

143. A person who uses or enters a lavatory shall not—

- (a) enter any water closet without first paying any fee which the county may charge for its use;
- (b) willfully annoy or interfere in any way with the privacy of any other person using the convenience;

- (c) willfully and improperly soil any part of the convenience;
- (d) write on, mark or otherwise deface or damage any part of the convenience;
- (e) affix any picture or printed or written matter to any part of the convenience;
- (f) leave any litter in the convenience except in any receptacle provided for the purpose; or
- (g) interfere with any officer or servant of the county government or any other person authorized to manage the convenience in the execution of his or her duties.

Person managing a lavatory

144. (1) A person managing a lavatory shall keep the lavatory in a clean and hygienic condition at all times.

(2) The disposal of liquid waste from a mobile toilet should be hygienic and disposed as directed by the county government.

Permit

145. (1) The mobile toilet shall be permitted by an authorized officer on the advice of medical officer of health and upon payment of applicable charges.

(2) Any other person carrying on convenience services within the county will be required to obtain a permit from the authorized officer on the advice of medical officer of health at a fee as per the approved fees and charges.

(3) Any person who contravenes this Section commits an offence.

Penalties

146. A person who contravenes any provision of this Part commits an offence and shall be liable upon conviction to a fine not exceeding seven thousand shillings or to imprisonment of a term not exceeding seven months or both.

PART XV—RESTAURANT, EATING HOUSE, SNACK BAR AND CAFÉ

Application for permit

147. (1) An application for a single business permit shall be made to the authorized officer before the thirtieth day of September of the year preceding to which the application relates to in the prescribed form.

(2) Payment for late application shall be as per the prescribed fees.

(3) If an application is for a new permit, it shall be delivered to the authorized officer not less than 30 days before the date, which shall be specified in the application, upon which it is desired to commence business.

(4) The authorized officer may refuse to accept any application which does not comply with the provisions of this Part.

Permits

148. The following permits may be issued upon payment of prescribed fee—

- (a) a restaurant license;
- (b) an eating house license;
- (c) a snack bar permit, and
- (d) café.

Authorized Officer to issue permit

149. An authorized officer may issue a permit with conditions upon payment of prescribed fees.

Power to refuse to grant permit

150. The authorized officer may refuse to grant a permit upon the advice of medical officer of health.

Cancellation of permit

151. (1) The authorized officer may, by written notice issued to the permit holder, cancel the permit in respect of any premises if so, recommended by the public health officer that the premises are, in a condition as to be dangerous to health or liable to contribute to the spread of disease or do not comply with any of the provisions of this Part.

(2) Where a permit has been cancelled under the provisions of subsection (1), the authorized officer shall not issue any further permit in respect of the same premises without the applicant first obtaining the approval in writing of the medical officer of health.

Transfer of permit

152. (1) The authorized officer may, with the approval of the public health officer, on application and upon payment of the approved fees transfer a permit from the holder thereof to another person.

(2) No permit may be transferred so as to be made applicable to premises other than those in respect of which the original application was made and the permit issued.

Permit to corporation

153. A permit issued to a body corporate shall be issued in the name of the body.

Application for duplicate permit.

154. An application for a duplicate permit shall be made in writing to the authorized officer and shall set forth details of the permit lost or destroyed and the manner in which it was lost or destroyed.

(2) The authorized officer shall, on payment by the applicant of a fee as per the approved fees and charges issue a duplicate permit.

Restaurant's permit.

155. (1) A restaurant permit shall be authority to the permit holder at the premises specified therein, to prepare or cook for sale and sell food for consumption.

(2) A restaurant shall comply with the following requirements of this Part—

- (a) dining space shall have sufficient space for the intended number of customers.
- (b) in relation to kitchens—
 - (i) the floor shall be of an approved impervious material and shall be adequately drained.
 - (ii) the walls shall be tiled or finished in terrazzo to a height of six feet from the floor and above that height shall be either tiled, finished in terrazzo or rendered with cement plaster brought to a smooth finish and painted with a light-coloured fire-resistant washable paint;
 - (iii) cooking shall be done with electricity, gas, coal, anthracite, oil burning or charcoal-burning equipment of an approved type and such equipment shall be sited to the satisfaction of the public health officer; and
 - (iv) an approved means of extracting smoke and fumes shall be provided;
- (c) at least two suitable sinks of stainless steel with a constant supply of piped hot and cold water connected thereto or there over shall be provided and sited to the satisfaction of the public health officer;
- (d) a stainless-steel sink situated in the kitchen for cleaning and preparation of vegetables; and

- (e) a wash hand basin with a constant supply of piped hot and cold water together with soap and a nail-brush and a clean towel or other device for the drying of hands shall be provided in or adjacent to the kitchen for use by persons engaged in the preparation or cooking of food.

Sculleries in restaurants

156. (1) A scullery separated from the kitchen shall be provided in which all sinks shall be situated for use in the cleaning of utensils and equipment and bin in which all such cleaning shall be carried out.

(2) The floor shall be of and approved impervious material and shall be adequately drained.

(3) The walls shall be tiled or finished in terrazzo to a height of six feet from the floor and above that height shall be tiled, finished in terrazzo or rendered in cement plaster brought to a smooth finish and painted with a light-coloured washable paint.

(4) Approved type of apparatus shall be provided for the sterilization of crockery and cutlery.

(5) Approved equipment with a constant supply of piped hot and cold water connected thereto or there over shall be provided for the cleaning of all utensils and equipment other than crockery and cutlery.

Sanitary conveniences in restaurants

157. In relation to sanitary conveniences—

- (a) sufficient sanitary conveniences and hand wash basins shall be provided;
- (b) sanitary conveniences for use by customers shall be approached from within the premises through an intervening ventilated space and separate provisions shall be made for persons of each sex;
- (c) wash hand basins with a piped supply of water connected thereto or there over, together with soap and a clean towel or other device for the drying of hands shall be provided for use by customers; and
- (d) sanitary conveniences shall be provided for people living with disabilities.

Waste management in restaurants

158. A sufficient number of refuse receptacles with properly fitting lids shall be provided all the time.

Miscellaneous requirements for restaurants

159. (1) Restaurant shall have—

- (a) adequate refrigerated storage space for maintenance and storage of food;
- (b) a changing room shall be provided where employees shall remove and store outdoor clothing and there shall be provided, in connection with such room, shower facilities and wash-hand basins with a constant supply of piped hot and cold water connected thereto or there over together with soap, a nail-brush and a clean towel or other device for the drying of hands;
- (c) access shall be provided to a yard of a size which in the opinion of the public health officer is sufficient for the servicing of the premises;
- (d) at least one room of adequate size shall be provided for the sole purpose of storing food and such room shall be adequately lit, ventilated and rendered rodent proof-
- (e) dust proof ceilings shall be provided in all rooms where food is prepared or stored; and
- (f) a constant supply of pure and wholesome water shall be provided;
- (g) emergency exits from the premises shall be provided and maintained.

(2) The permit holder operating the restaurant shall provide adequate and appropriate firefighting facilities, located strategically.

Eating houses

160. (1) An eating house permit shall authorize the permit holder at premises, the address of which shall be specified therein, to prepare or cook for sale and sell food for consumption.

(2) An eating house shall comply with the following requirements under this Part—

- (a) dining space – the area available for dining space shall be adequate; and
 - (b) yard space – a yard space of an approved size the use of which is exclusive to the premises shall be provided.
- (3) In relation to kitchens—
- (a) a kitchen shall be provided which shall be separate from the dining room and be of an area of not less than 10 square feet;

- (b) the floor shall be of an approved impervious material and shall be adequately drained;
 - (c) cooking shall be done with electricity, gas, coal, anthracite, oil burning or charcoal-burning equipment of an approved type;
 - (d) an approved means of extracting smoke and fumes shall be provided;
 - (e) the walls shall be finished in smooth cement plaster or other approved material and painted with a light-colored fire-resistant washable paint;
 - (f) at least two suitable sinks of stainless steel with a constant supply of piped hot and cold water connected thereto or there over shall be provided in approved positions, one of which shall be used solely for the cleaning and preparation of vegetables; and
 - (g) a wash basin with a constant supply of hot and cold-water connection thereto or there over, together with soap, a nail brush and a clean towel or other device for the drying of hands shall be provided in or adjacent to the kitchen for use by persons engaged in the preparation or cooking of food.
- (4) In relation to sculleries—
- (a) a scullery, separated from the kitchen shall be provided in which shall be situated all sinks intended for use in the cleansing of utensils and equipment; and
 - (b) the floor shall be of an approved impervious material and shall be adequately drained.
- (5) In relation to sanitary conveniences—
- (a) sufficient sanitary conveniences shall be provided to satisfy the provisions of this Part;
 - (b) sanitary conveniences shall be provided and separate provisions shall be made for persons of each sex and were approached from within the premises, such conveniences shall be entered through an intervening ventilated space;
 - (c) wash hand basins with a piped supply of water connected thereto or there over together with soap and a clean towel or other device for the drying of hands, shall be provided for use by customers; and
 - (d) sanitary conveniences shall be provided for people living with disabilities.

Waste management in eating houses

161. A sufficient number of refuse receptacles with fitting lids shall be provided.

Miscellaneous requirements for eating houses

162. Miscellaneous requirements are as follows—

- (a) at least one room of adequate size shall be provided for the sole purpose of storing food and such room shall be adequately lit, ventilated and rendered rodent proof;
- (b) adequate storage space for employees outdoor clothing shall be provided,
- (c) adequate refrigerated storage space for food shall be provided and maintained;
- (d) dustproof ceilings shall be provided in all rooms where food is prepared or stored;
- (e) a constant supply of pure and wholesome water shall be provided;
- (f) the permit holder operating the eating house shall provide adequate and appropriate firefighting facilities, located strategically; and
- (g) emergency exits from the premises shall be provided and maintained.

Snack bar permit

163. (1) A snack bar permit shall authorize permit holder at the premises, the address whereof which shall be specified therein, to prepare for sale and sell for consumption in the premises the following—

- (a) hot or cold drinks;
- (b) boiled or poached eggs;
- (c) tinned foodstuff prepared for consumption solely by the immersion of the tin in hot water;
- (d) cold pies and cooked meats including a dish known as hot dog;
- (e) bread including toast;
- (f) biscuits, cakes and pastries; and
- (g) any other food which is consumed uncooked.

(2) A holder of a snack bar permit who sells or permits the sale of food of a type other than those specified in sub-section (1) for consumption on the permitted premises commits an offence under this Part.

Requirements for snack bars

164. (1) A snack bar shall comply with following requirements of this Part—

- (a) the floor shall be of an approved impervious material and shall be adequately drained.
- (b) in relation to sanitary conveniences—
- (c) sanitary conveniences and wash basins with a piped supply of hot and cold water connected thereto or there over together with soap, a nail-brush and a clean towel or other device for the drying of hands shall be provided for use by persons employed on the premises;
- (d) sanitary conveniences separate from those required by the provisions of paragraph (a) shall be made available for use by customers and separate provisions shall be made for persons of each sex and, where approached from within the premises, such conveniences shall be entered through an intervening ventilated space; and
- (e) sanitary conveniences shall be provided for people living with disabilities.

Waste management for snack bars

165. A sufficient number of refuse receptacles with properly fitting lids shall be provided.

Miscellaneous requirement for snack bars

166. Miscellaneous requirements for snack bars are—

- (a) at least two suitable sinks of stainless steel supplied with hot and cold water shall be provided and sited in approved positions;
- (b) no heating apparatus other than one using electricity or gas shall be used in the preparation of food;
- (c) adequate storage space for employees' outdoor clothing shall be provided;
- (d) the walls shall be finished in smooth cement plaster or other approved material and shall be painted with a light-colored fire-resistant washable paint;

- (e) adequate refrigerated storage space shall be provided and maintained for storage of food;
- (f) approved storage space for foodstuffs, suitably lit, ventilated and rendered rodent proof shall be provided;
- (g) access shall be provided to a yard of a size which in the opinion of the public health officer is sufficient for the servicing of the premises;
- (h) dustproof ceiling shall be provided in all rooms where food is prepared or stored;
- (i) a constant supply of pure and wholesome water shall be provided;
- (j) emergency exits from the premises shall be provided and maintained; and
- (k) the permit holder operating the snack bar shall provide adequate and appropriate firefighting facilities, located strategically.

Open air eating place

167. Every open-air eating place shall operate under the following requirements —

- (a) structure should be an approved design by the county government;
- (b) structure should contain adequate sanitary facilities;
- (c) persons carrying or handling the food must have valid medical examination certificate issued by public health officer;
- (d) adequate receptacles for disposal of litter should be provided;
- (e) it is the responsibility of the person operating the open-air eating place to dispose the solid and liquid waste generated; and
- (f) the person operating the open air-eating place shall provide adequate firefighting facilities, located strategically.

Cooking without permit

168. Any person who, in any premises in the county, prepares or cooks or permits the preparation or cooking of food for sale or sell for consumption on those premises unless he or she is the holder of a permit in respect of those premises commits an offence.

Sale of food for consumption

169. Any person who in any premises in the county sells or permits the sale of food for consumption on those premises shall unless he or she is the

holder of a permit in respect of those premises authorizing such sale, or an employee of such a permit holder, commits an offence under this Part.

Liability of a permit holder

170. Any act done or omitted to be done by an employee of a permit holder in contravention of any of the provisions of this Part shall be deemed also to be the act or omission of the permit holder and any proceedings for an offence arising out of such act or omission may be taken against both such permit holder and such employee.

Power to inspect

171. (1) The medical officer of health, any public officer of health, an authorized officer or any person authorized in writing by the medical officer of health in that behalf may at any reasonable hour enter any premises in respect of which a permit has been applied for or issued and may make such inspection thereof as he or she may reasonably deem necessary.

(2) Any such person as is referred to in sub-section (1) shall—

- (a) if he or she has reasonable cause to believe that food is being consumed on any premises after having been purchased thereon, demand that the person in charge or appearing to be in charge of such premises shall allow him or her free entry thereon and afford him or her all reasonable facilities to inspect the premises; and
- (b) if after notification of his or her authority and purpose, entry thereon and afford him or her all reasonable facilities and purpose, entry cannot be obtained, the said person may enter such premises and make such inspection thereof as he or she may deem necessary.

Persons suffering from infections or contagious diseases

172. (1) Any person who works in a restaurant, eating house or snack bar and knows that he or she is suffering from an infectious or contagious disease commits an offence.

(2) Any permit holder who employs in a restaurant, eating house or snack bar any person without a valid medical examination certificate, commits an offence under this Part.

Display of permits

173. A permit holder who fails to exhibit a permit in a prominent and conspicuous position in the premises commits an offence.

Food Contamination

174. (1) A permit holder shall take all such steps as may be reasonably necessary to protect food from risk of contamination and in particular shall—

- (a) not place food or permit it to be so placed as to involve any risk of contamination;
- (b) maintain the permitted premises in a clean and wholesome condition;
- (c) not use or permit to be used as a living or sleeping room any room which communicates directly to a room used for the preparation, cooking, storage or consumption of food;
- (d) maintain all utensils, crockery, cutlery, linen and other articles of whatsoever description used on the permitted premises for or in connection with the preparation, cooking, serving or consumption of food, in a clean and sound condition,
- (e) keep all food, other than that in the house of preparation, cooking, serving or consumption, in a store or refrigerator reserved solely for the keeping of such foods,
- (f) keep in the kitchen only such articles and equipment as are required for or used in the preparation, cooking, serving or consumption of food, and
- (g) comply with all the requirements of the public health officer intended or designed to ensure the sanity and hygienic use of the permitted premises.

(2) A permit holder shall not sell nor have in his or her possession for sale in the permitted premises any food which is not fit for human consumption and wholesome.

Personal hygiene

175. A person engaged in the handling of food or any utensils used in connection with the preparation, cooking, serving or consumption of food, shall, whilst so engaged—

- (a) keep as clean as may be reasonably practicable all parts of his or her person which may be liable to come into contact with such food or utensils;
- (b) wear a clean garment and head covering of an approved pattern which, in the case of a person engaged in the preparation or cooking of food, shall be white;
- (c) keep any cut or abrasion on any exposed part of his or her person covered with a suitable and clean waterproof dressing;
- (d) refrain from spitting; and
- (e) refrain from smoking.

(2) No permit holder shall permit any person to be engaged in the handling of food or any utensil in connection with the preparation, cooking, serving or consumption of food, whilst such person does not comply with any of the requirements of sub-section (1).

(3) Any person who contravenes or fails to comply with any of the provisions of Sub-Sections (1) and (2) commits an offence.

Misuse of sinks and kitchen

176. (1) Any person who uses or permits to be used any sink provided under the provisions of this part for the purpose of the cleaning and preparation of vegetables, for any other purpose, commits an offence under this Part.

(2) Any person who uses or permits to be used any sterilizing apparatus, provided in this part for the purpose of sterilization of crockery and cutlery, for any other purpose, commits an offence under this Part.

(3) Any person who uses or permits to be used any sink, provided under the provision of this part for any purpose except the cleaning of utensils and equipment's other than cutlery and crockery commits an offence under this Part.

(4) Any person who uses or permits to be used any part of the premises, for cooking or preparation of food other than the kitchen and preparation room or scullery commits an offence under this Part.

Restriction on names

177. (1) Any holder of an eating house permit who includes in the name of the permitted premises the word "restaurant" or by any words, letters, or sign implying that a restaurant permit is in force in respect of such premises commits an offence under this Part.

(2) Any holder of a snack bar permit who includes in the name of the permitted premises either the words eating house or by any words, letters or sign implies that an eating house permit is in force in respect of such premises, commits an offence under this Part.

Restriction on trading

178. Any permit holder who, without the written permission of the authorized officer, uses or permits to be used the permitted premises or any part thereof for a trade other than one connected with that of a restaurant, eating house or snack bar, as may be, commits an offence under this Part.

Nuisance

179. Any permit holder who uses or permits to be used any permitted premises in such a manner that they are or are likely to become a nuisance

or annoyance to inhabitants of neighboring properties or a person using any street commits an offence.

Storage of fuel

180. Where charcoal, coal, anthracite or fuel oil is used on the permitted premises, it shall be stored in an approved manner and a permit holder who permits such charcoal, anthracite, coal, or fuel oil to be stored elsewhere on the permitted premises commits an offence under this Part.

Tariff of charges

181. (1) The holder of an eating house permit or a snack bar permit shall affix and maintain in the permitted premises in a position clearly visible to customers a tariff of charges legibly printed in the English or Kiswahili languages.

(2) Any person who demands from a customer a charge for food greater than that indicated on the tariff of charges referred to in sub-section (1) of this Section shall be guilty of an offence.

Penalties

182. Any person who contravenes any provision under this Part commits an offence and shall be liable upon conviction to a fine not exceeding seven thousand shillings or to imprisonment for a term not exceeding a term of seven months or both.

PART XVI—FOOD SHOPS AND STORES**Exemptions**

183. The provisions of this Part shall not apply to—

- (a) dairies registered under the public health (Milk and Dairies) Regulations in which no trade is carried on in any food other than milk or cream;
- (b) premises permitted to trade as bakeries and lodging houses;
- (c) the sale by auction by an auctioneer, permitted under the Auctioneers Act; and
- (d) premises registered under the Pharmacy and Poisons Act.

Permits

184. (1) The following permits shall be granted upon payment of the prescribed fee—

- (a) grocer's permit;
- (b) butcher's permit;

- (c) fishmonger's permit;
- (d) greengrocer's permit;
- (e) food store permits;
- (f) supermarket permit; and
- (g) milk permit.

(2) Every permit shall become due to be taken out on the first of January in each year and shall expire on the thirty first of December of the year of current issue.

(3) Any person working in a food shop or store shall have a valid medical examination certificate issued.

Application for permit

185. (1) Application for permit shall be in the prescribed form and shall provide if the application is for new permit or for renewal of an existing permit.

(2) An application for the renewal of an existing permit shall be delivered to the authorized officer on or before the thirtieth of September of the year preceding that to which the application relates;

Provided that payment of the approved fee for a late application has been done, the authorized officer shall accept an application submitted after the thirtieth of September of the year preceding that to which the application relates.

(3) An application for a renewal of permit shall be delivered to the authorized officer not less than 30 days before the date, which shall be specified in the application, upon which it is desired that trading or storing shall begin.

(4) Application forms shall be completed in English language and shall be signed by the applicant and the authorized officer may refuse to accept any application which does not comply with these requirements.

Form of permit

186. (1) The authorized officer may issue a permit under this Part and impose such reasonable conditions deemed fit.

(2) Every permit shall contain sufficient particulars of the shop or the store to which the permit applies.

(3) There shall be paid to the county government the prescribed fees for every permit issued.

(4) Every permit issued under this part shall be signed by the authorized officer.

Refusal to grant permit

- 187.** (1) The authorized officer shall refuse to issue a new permit if—
- (a) the premises to which the application relates does not conform with the requirements of public health or do not conform with the provisions of this Part;
 - (b) the articles, apparatus, fittings or utensils provided, or to be provided, for use in connection with trade do not conform with the requirements of the permit; or
 - (c) the shop, or as the case may be, the store does not comply with the provisions of this Part.
- (2) The authorized officer may refuse to renew a permit if—
- (a) the business to which the application relates is or has been, in his or her opinion, conducted in an improper manner;
 - (b) the premises to which the application relates are, in the opinion of the public health officer, not in good repair or not provided with adequate sanitary arrangements, or do not conform with the provisions of this Act, or have been altered materially so as to affect prejudicially the facilities originally provided; or
 - (c) if the articles, apparatus, fittings or utensils originally provided or if the articles, apparatus, fittings or utensils provided for use in connection with trade do not conform to the requirements of the public health officer.

Cancellation of permit

188. (1) The authorized officer may by written notice to the permit holder, cancel any permit if it is recommended by public health officer, that the premises to which the permit applies or any part thereof, or any article, piece of apparatus, fitting or utensils or any person working therein are in such condition as to be dangerous to health or liable to favor the spread of diseases.

(2) Where a permit has been cancelled under the provisions of subsection (1), the authorized officer shall not issue or transfer to the holder of the cancelled permit any further permits nor issue any further permit in respect of the same premises without first the applicant obtaining the approval in writing of the public health officer.

Transfer of permit

189. (1) The authorized officer may, with the consent of the permit holder and subject to the provisions of this part and upon payment of a fee, transfer permit from the holder thereof to another person.

(2) A permit may be transferred so as to be made applicable to premises other than those in respect of which the original application was made and the permit issued:

Provided the new premises meet the basic requirements of premises.

Duplicate permit

190. (1) An application for the duplicate permit shall be made in writing to the authorized officer and shall set forth details of the permit lost and the manner in which it was lost or destroyed.

(2) The authorized officer shall, upon payment by the applicant of the prescribed fee issue a duplicate permit.

Restriction on employment

191. (1) Any person who is suffering from or knows himself or herself to be carrier of any infectious or contagious disease shall not work in any shop or store.

(2) A permit holder shall not employ in any shop or store any person whom he knows to be suffering from or to be carrier of any infectious, contagious or venereal disease.

Manner of storing food

192. In any shop or store where goods other than food are sold, stored or offered for sale, the permit holder shall reserve a part of such shop or store for storing only, and no food shall be kept or stored in any other part thereof.

Display of permit

193. A permit shall be display in a prominent and conspicuous place in premises to which it applies alongside the certificate of incorporation or registration certificate.

Protection of food

194. A permit holder shall take all such steps as may be reasonably necessary to protect food from risk of contamination and in particular shall—

- (a) not place food or permit it to be so placed as to involve any risk of contamination;
- (b) not place uncovered food at height of less than eighteen inches from the floor;
- (c) maintain his or her shop or store in a clean and wholesome condition;

- (d) comply with all the requirements of the public health officer intended or designed to ensure the sanitary and hygienic use of his or her shop or store;
- (e) provide and maintain a sufficient supply of hot and cold water;
- (f) maintain in a clean condition apparatus or utensils in the shop or store which is likely to come into contact with uncovered food; and
- (g) maintain in a clean condition any apparatus or utensil in the shop or store which is likely to come into contact with uncovered food.

Wash basins position and persons engaged

195. (1) A permit holder shall provide in a conveniently accessible position and maintain a sufficient amount of wash-basins for the use of in the handling of food.

(2) For each such wash-basin, a permit holder shall provide and maintain a sufficient supply of hot and cold water.

(3) At or near each such wash-basin, a permit holder shall provide adequate supplies of soap or other suitable detergent, nail brush and a clean towel or other suitable drying facilities.

Sanitary convenience

196. (1) A permit holder shall provide, in a conveniently accessible position and shall maintain in a good condition an adequate number of suitable sanitary conveniences.

(2) A permit holder shall not use or permit to be used for handling or storage of food any room which either—

- (a) contains sanitary convenience; or
- (b) communicates otherwise than through an intervening ventilated space with a room containing a sanitary convenience.

Manner of handling of food

197. Any person engaged in the handling of food shall while so engaged—

- (a) keep as clean as may be reasonably practicable all parts of his or her clothing which may be liable to come into contact with food;
- (b) keep any open cut or abrasion on any exposed part of his or her person covered with a suitable and clean water proof dressing;
- (c) refrain from spitting; and
- (d) refrain from smoking.

Open food

198. (1) Any person engaged in the handling of food shall not use for the wrapping of open food any paper or wrapping material or container which is not clean or which is liable to contaminate the food and in particular, shall not allow any printed material other than printed material designed exclusively for wrapping or containing food to come into contact with any open food.

(2) Any person engaged in the handling of food shall not handle any unwrapped sweets, cakes, pastries or sliced cooked meat except with a suitable apparatus or instrument.

Grocer's permit

199. (1) A grocer's permit may authorize the permit holder, at premises the address of which shall be specified therein, to trade in food.

(2) In section, "food" excludes unprocessed vegetables, processed fruit, processed meat or processed fish.

Grocer's shop

200. A grocer's permit shall not be granted unless—

- (a) the floor of the shop is of rendered concrete or other durable and impervious material and is suitably drained; and
- (b) an adequate yard space is provided, equipped with suitable refuse containers.

Butcher's permit

201. A butcher's permit shall authorize the permit holder at premises the address of which shall be specified therein, to trade in meat, whether processed or unprocessed.

Butcher's shop

202. A butcher's permit shall not be granted unless—

- (a) the unencumbered floor area of that part of the shop which is to be used for the sale of meat is adequate;
- (b) the height from the floor to ceiling of that part of the shop which is to be used for the sale of meat is not less than 10 feet;
- (c) all walls are constructed of brick, stone, concrete or other durable material with the interior surface rendered smooth and either tiled or painted with a light-colored fire-resistant washable paint;
- (d) the floor is of rendered concrete or other durable and impervious material and is suitably drained;

- (e) the shop front is glazed;
- (f) adequate cold storage space is provided;
- (g) suitable and adequate provision that no meat shall come into contact with any wall or be liable to obstruct or hinder the free passage of customers; and
- (h) adequate yard space is provided and equipped with suitable refuse containers.

Uninspected meat

203. A permit holder shall not trade in meat which has not been inspected by a meat inspector or an officer authorized.

Manner of handling of meat

204. (1) A person engaged in the handling of meat shall while so engaged, wear a white outer garment of a pattern approved by the public health officer.

(2) Any person who handles meat when not clothed in accordance with the provisions of sub-section (1) and any permit holder who permits any person to handle meat when not so clothed commits an offence.

Fishmonger's permit

205. A fishmonger's permit shall authorize the permit holder to trade in fish whether processed or unprocessed.

Fishmonger's shop

206. A fishmonger's permit shall not be granted unless—

- (a) all walls of the fishmonger's shop are constructed of brick, stone or concrete or a durable material with the interior surfaces rendered smooth and either tiled or painted with a light-colored fire-resistant washable paint;
- (b) the floor is of rendered concrete or other durable impervious material and is suitably drained;
- (c) the shop front is glazed;
- (d) adequate cold storage is provided; and
- (e) adequate yard space is provided adjacent thereto with suitable facilities for the cleaning of fish boxes.

Fish boxes

207. Fish boxes shall be thoroughly cleaned immediately after use.

Manner of handling fish

208. A person engaged in the handling of fish shall, while so engaged wear a white outer garment of a pattern approved by the public health officer.

Green grocer's permit

209. A greengrocer's permit shall authorize the permit holder to trade in fruit and vegetables, whether processed or unprocessed.

Green grocer's shop

210. A green grocer's permit shall not be granted unless —

- (a) all walls of the greengrocer's shop are constructed of brick, stone or concrete or other durable materials with the interior surfaces rendered smooth and either tiled or painted with a light-colored fire-resistant washable paint;
- (b) the floor is of rendered or other durable and impervious material and is suitably drained; and
- (c) adequate yard space is provided equipped with suitable refuse containers.

Food store permit

211. A food store permit shall authorize the permit holder to store food.

Trading without a permit

212. A person shall not trade in any business under this Part unless such a person is in possession of a permit issued under this part.

Inspection

213. (1) A public health officer or an authorized officer may at any reasonable hour enter any shop or store in respect of which a permit under this Part has been applied for or issued and conduct an inspection they deem fit.

(2) An authorized officer may—

- (a) if he or she has reasonable cause to believe that trade is being carried on or that food is being stored in any premises in respect of which a permit has not been issued or applied for under this part, demand that the person in charge or appearing to be in charge of such premises allow him or her free entry thereon and afford him or her all reasonable facilities to inspect the same; and
- (b) if after notification of his or her authority and purpose of entry, cannot without reasonable delay be obtained, the said person may

enter such premises and may make such inspection thereof and of the stock therein as may be deemed necessary.

Presumption of goods

214. In any proceedings under this part, any food in any shop or store shall be deemed unless the contrary is proved, to be kept for the purpose of trade or as the case may be for storage.

Exemptions by a Public Health Officer

215. (1) The authorized officer, on the recommendation of the public health officer, may issue to any person a certificate in relation to any shop or store to the effect that compliance with any of the provisions of this part is not required for such period as he or she shall therein specify:

Provided that the public health officer shall not recommend the grant of any such certificate unless he or she is satisfied that by reason of restricted accommodation or other special circumstances affecting such shop or store it is reasonable that such a certificate should be in force in respect thereof.

(2) The authorized officer may withdraw any such certificate if at any time the public health officer ceases to be satisfied as aforesaid and recommends to him or her.

Penalties

216. (1) A person who contravenes the provisions of this Part commits an offence and shall be liable upon conviction to a fine not exceeding fifty thousand shillings or imprisonment for a term not exceeding twelve months or both.

(2) Any permit holder who is twice convicted of offences under this Part shall be liable, in addition to any other penalty which may be imposed to have his or her permit cancelled.

PART XVII—CONTROL OF HAMALI CARTS AND HAND CARTS IN PUBLIC STREETS**Fees**

217. A person who intends to operate a hamali cart or hand cart within the county shall pay to the county government the prescribed fees.

Control of Hamali carts and hand carts

218. If the county government is satisfied that it is expedient for facilitating the passage of traffic it may from time to time designate any public street in the county prohibiting the use of the street by Hamali carts or hand carts subject to exceptions specified in the order.

Offences and Penalties

219. Every such order shall be published in the Gazette and a person who uses a Hamali cart or hand cart or causes or permits a Hamali cart or hand cart to be used in contravention of a prohibition imposed by an order made by the county government or fails to comply with the provisions of this Part, commits an offence and shall be liable on first conviction to a fine not exceeding twenty thousand shillings or to imprisonment for a term not exceeding twelve months and on each subsequent conviction to a fine not exceeding thirty thousand or to imprisonment for a term not exceeding eighteen months or both

PART XV—SALE OF ICE CREAM**Sale of ice cream**

220. A person shall not sell, or offer for sale or cause to be sold an ice-cream which does not meet the following requirements—

- (a) the ice-cream has been manufactured in accordance with the provisions of regulation relating to the manufacture of ice cream;
- (b) the ice-cream shall be protected from dirt, dust or other contamination at all times during its storage, distribution and sale;
- (c) the ice-cream shall either—
 - (i) be kept at a temperature not exceeding 28o F; or
 - (ii) in the event of the temperature of the ice-cream rising above 28o F at any time since it was frozen then the ice-cream has to again be subjected to the treatment prescribed and after having again been frozen shall be kept at a temperature not exceeding 28o F;
- (d) the ice-cream shall be of such quality that it shall fail to decolorize Ethylene Blue at two hours when subjected to the following test, namely—
 - (i) 2 ml. of the ice-cream shall be of such quality that it shall fail to decolorize Ethylene Blue solution and 7 ml. of quarter strength Ringer Solution in a standard reductive tube. The tube shall then be incubated at 20o Centigrade ($\pm \frac{1}{2}$ o) for seventeen hours followed immediately by incubation at 37o Centigrade ($\pm \frac{1}{2}$ o). The tube shall then be inverted once every half hour until decolourisation is complete;
 - (ii) every such test shall be commenced within two hours after the collection of the sample; and

- (iii) every test shall be carried out by a government bacteriologist, the medical officer of health or an authorized officer.

Sale without permit

221. A person shall not use any premises for the distribution or for the sale of ice-cream unless he or she shall be in lawful possession of a permit issued by the county government entitling him or her to use the premises for such purpose.

Fees

222. A prescribed fee shall be payable to the county government for a permit issued under this Part.

Form of application

223. An application for a permit under this Part shall be made to the authorized officer in the prescribed form.

Permit duration

224. A permit issued under this Part shall expire on the 31st day of December following its issue.

Transfer of permit

225. A permit issued shall not be transferred from the holder to any other person without the permission of the authorized officer.

Inspection

226. (1) An authorized officer or a public health officer may enter and inspect any permitted premises, and examine the water supply, any vessels or utensils which may be found on the premises and take samples of any ice-cream found upon the premises and may make such further inquiry as they deem.

(2) A person who willfully hinders obstructs, resists or refuses to give information or gives false or misleading information to the authorized officer or public health officer in the course of such inspection commits an offence.

Cleanliness

227. Every permit holder shall—

- (a) at all times maintain the permitted premises in a state of thorough cleanliness; and
- (b) cause all vessels and utensils brought in contact with ice-cream during the storage, distribution or sale to be thoroughly cleaned and sterilized immediately after use.

Restriction on employment

228. (1) No permit holder shall cause or permit any person suffering from any infectious or contagious or venereal disease to be employed in or about the permitted premises or in distributing or selling of ice-cream.

(2) Every permit holder shall inform the public health officer or authorized officer without delay of the occurrence of any infectious or venereal disease in such premises and shall comply with any direction which the public health officer or authorized officer may give for the purpose of such diseases.

(3) The permit holder shall not employ any person without a valid medical examination certificate.

Medical examination

229. (1) The medical officer of health or chief officer in the department health may medically examine or cause to be medically examined any person resident on or employed or engaged in or about any permitted premises for the purpose of ascertaining whether such person is suffering from any infectious or contagious or venereal disease.

(2) Any person who refuses to be examined by such medical officer of health commits an offence.

Production of permit

230. Every permit holder shall at all reasonable time produce his or her permit when so required by the medical officer of health, authorized officer or public health officer.

Penalties

231. A person who commits an offence under this Part shall be liable upon conviction to a fine not exceeding fifteen thousand shillings in respect of a first offence and a fine not exceeding twenty thousand shillings in respect of a second or subsequent offence, or imprisonment for a period not exceeding twelve months in respect of a first offence and an imprisonment not exceeding eighteen months in respect of a second or subsequent, offence or both.

PART XVIII—CONTROL AND LICENSING OF DOGS**Issuance of permit and permit badge**

232. (1) An authorized officer may issue to any applicant a permit and a permit badge in respect of any dog or dogs kept in urban and peri-urban areas within the county upon—

- (a) payment of the prescribed fee; and
- (b) production to the authorized officer of a valid certificate issued by a veterinary surgeon or a veterinary officer to the effect that

the dog in respect of which the dog permits and permit badge are required has been inoculated against rabies.

(2) No dog permit fee shall be payable on issue of any permit or permit badge in respect of—

- (a) any dog kept by a blind person or used for the purpose of guiding a blind person; or
- (b) any dog which the county government in its discretion may declare to be except exempted from the provisions of this sub-section (1).

Expiry of a permit

233. A permit issued under this part shall expire on the 31st December in the year in respect of which it is issued.

Refusal to issue permit or permit badge

234. (1) An authorized officer may refuse to issue a permit or permit badge or may by notice in writing addressed to the holder thereof, cancel any permit or permit badge already issued if it appears to the authorized officer that the person who keeps or proposes to keep the dog which the permit relates to is an undesirable or unsuitable person to keep the dog.

(2) Any person aggrieved by a decision of an authorized officer under sub-section (1) may, within thirty days of such decision, appeal in writing to the county executive committee member in charge of matters relating to Finance.

Issuance of duplicate permit or permit badge

235. A duplicate permit or permit badge may be issued upon proof that the original permit or permit badge has been lost or destroyed upon payment of the prescribed fees.

Offences

236. (1) A person shall not without a permit keep a dog over the age of six months for a period exceeding thirty-one days in the urban and peri-urban areas of the county.

(2) A person shall not—

- (a) allow a dog in respect of which a permit badge has been issued to be at large unless the permit badge is permanently attached to a collar worn by the dog;
- (b) without reasonable or just cause remove a permit badge from the dog in respect of which it was issued;

- (c) without reasonable or just cause remove a collar from any dog;
- (d) attach to a collar worn by a dog any badge so similar to a permit badge issued under this Act with the intention to mislead;
- (e) alter, destroy or mutilate any permit badge issued under this Act;
- (f) permit to be let at large or uncontrolled any dog which is kept by him or her and which he or she knows to be either vicious, dangerous or suffering from any infectious diseases;
- (g) permit a dog to be at large or uncontrolled; or
- (h) keep a dog which he knows to be nuisance or annoyance to any person.

Right to seize or pound

237. A police officer, veterinary officer inspector or authorized officer may seize and take to a pound—

- (a) any dog found in a public place or public street;
- (b) any dog found at large without collar;
- (c) any dog found at large without a permit badge attached to a collar; or
- (d) any dog in respect of which a permit has not been issued under this part or the permit issued is invalid.

Condition for release of impounded dogs

238. (1) Any dog impounded in a pound shall not be released except—

- (a) on payment of all pound fee due in respect of that dog; and
- (b) to the permit holder of that dog, or someone acting in his or her authority.

(2) Pound fee shall be as prescribed by county government.

Dealing with unreleased or reclaimed dogs

239. (1) Any dog not released or reclaimed from pound within ten days of having been received in the pound may either be sold, given away, painlessly destroyed under the supervision of a veterinary surgeon or an authorized officer.

(2) Any dog which is—

- (a) severely injured or suffering from an infectious or contagious disease or is savage or dangerous; and

- (b) not receiving proper or necessary treatment or not under any or sufficient control may be painlessly killed under the supervision of a veterinary surgeon or an authorized officer.

(3) No liability shall attach to the county government or any authorized officer for any dog being killed or otherwise dealt with in accordance with the provisions of this part.

Right of entry

240. (1) An authorized officer may have reasonable grounds for suspicion that an offence under this part is being or have been committed; enter upon any premises for the purpose of making such inspection or inquiry as may be reasonable for the proper carrying out and enforcement of this Act.

(2) It shall be the duty of the occupier of any premises to give such information or assistance which such an officer may require for proper carrying out and enforcement of this Act.

(3) A person who fails to give any information required under this Part to an authorized officer commits an offence.

Penalties

241. A person who contravenes the provisions of this Part commits an offence and shall be liable upon conviction be liable to a fine not exceeding fifteen thousand shillings in respect of a first offence and a fine not exceeding twenty thousand shillings in respect of a second or subsequent offence, or imprisonment for a period not exceeding one year in respect of a first offence and not exceeding eighteen months in respect of a second or subsequent, offence or both.

PART XX—TRAFFIC FLOW CONTROL

Signals and signs to be obeyed

242. (1) The driver of a vehicle shall at all times —

- (a) obey any directions given, whether verbally or by signal by a police officer in uniform or an authorized officer in the execution of his or her duty;
- (b) conform to the indications given by any traffic sign;
- (c) stop his vehicle on being so required by a police officer in uniform or an authorized officer; and
- (d) when any person in charge of any cattle raises his or her hand or in any manner gives a signal to stop, forthwith stop his or her

vehicle and keep it stationary for as long as it is reasonably necessary.

(2) Any person who contravenes or fails to comply with any of the provisions of this Section commits an offence and shall be liable on first conviction to a fine not exceeding five thousand shillings or to imprisonment for a term not exceeding seven months, and on each subsequent conviction to a fine not exceeding seven thousand shillings or to imprisonment for a term not exceeding nine months or to both.

Obstruction

243. (1) No vehicle shall be allowed to remain in any position on any road so as to obstruct or to be likely to obstruct or cause inconvenience or danger to other traffic using the road, and, save where the contrary is expressly provided in this Act, every vehicle on a road when not in motion, shall be drawn up as close to the side of the road as possible.

(2) The driver of any vehicle shall, in case of a break-down, remove the vehicle from the road as soon as possible, and until so removed the vehicle shall be placed as close to the side of the road as possible; and as the vehicle remains on the road between the hours of 6.45 p.m. to 6.15 a.m., its position shall be clearly indicated by a light or lights visible to drivers of vehicles approaching from either direction.

(3) If any part of the vehicle remains on or near the road in a position so as to obstruct or to be likely to obstruct or to cause or to be likely to cause inconvenience or danger to other traffic using the road, the driver shall place on the road not less than fifty meters from the vehicle two red reflecting triangles of such construction and dimensions as may be prescribed, one ahead of the vehicle and one behind it so that each is clearly visible to drivers of vehicles approaching from ahead or behind, as the case may be.

(4) Any person who leaves any vehicle on a road in such a position or manner or in such a condition as to obstruct other vehicles or cause or be likely to cause any danger to any person upon conviction shall be guilty of an offence and liable to a fine not exceeding ten thousand shillings or to imprisonment for a term not exceeding eighteen months or both.

Unattended motor vehicles

244. No person shall—

- (a) leave unattended on a road any motor vehicle with the engine running; or
- (b) leave any vehicle without having taken due precautions against its moving along the road from its stationary position.

Traffic signs

245. (1) Subject to and in conformity with such general or other directions as may be given by the county executive committee member responsible for transport, the county government may cause or permit traffic signs to be placed on or near a road.

(2) Traffic signs shall be of the prescribed size, colour and type except where the county executive committee member responsible for transport authorizes the erection or retention of a sign of another character.

(3) No traffic signs shall be placed on or near any road except under and in accordance with sub-section (1) and (2) above.

(4) All traffic signs shall be deemed to have been lawfully erected until the contrary is proved.

(5) The county government in collaboration with the highway authority may, by notice in writing, require the owner or occupier of any land on which there is any traffic sign or any object which so closely resembles a traffic sign that it might reasonably be taken to be such a sign to remove it, and if any person fails to comply with such a notice the highway authority may effect the removal, doing as little damage as may be, and may recover as a civil debt recoverable summarily from the person so in default the expense incurred in so doing:

Provided that this subsection shall not apply in the case of any sign or object so long as its retention is expressly authorized by the highway authority.

Offences and penalties

246. Any person who contravenes the provisions of this part commits an offence and liable on first conviction to a fine not exceeding ten thousand shillings or to imprisonment for a term not exceeding twelve months, and on each subsequent conviction to a fine not exceeding fifteen thousand shillings or to imprisonment for a term not exceeding eighteen months or to both.

PART XXI— FILM MAKING, CULTURAL EVENTS AND ENTERTAINMENT**Cinemas, video shows and hiring**

247. Any person operating a cinema, video shows and hiring as a business or occupation shall make an application to the authorized officer for a business permit.

Fees

248. (1) The county government shall charge such permit fees for operating such cinemas, video shows and hiring as prescribed in the approved fees and charges.

(2) Any person who operates a cinema, video shows or hiring without the permit or payment of the permit fees commits an offence under this Part.

Promotion of cultures and cultural heritage

249. The county government shall—

- (a) promote all forms of cultural expression through literature, the arts, traditional celebrations, science, communication, information, mass media, publication, libraries and other cultural heritage;
- (b) promote the intellectual property rights of the people in the county; and
- (c) ensure that communities receive compensation or royalties for the use of their cultures and cultural heritage.

Penalties

250. Any person who fails to comply with any provision of this part commits an offence and shall be liable to a fine not exceeding twenty thousand shillings in respect of a first offence and not exceeding forty thousand shillings in respect of a second or subsequent offence, or imprisonment for a term not exceeding twelve months in respect of a first offence and not exceeding eighteen months in respect of a second or subsequent, offence or both.

PART XXII— HEALTH SERVICES**Amendment to the Second Schedule of the Machakos County Health Services Act, 2021**

251. The Machakos County Health Services Act 2021 is amended by deleting the Second Schedule and substituting therefor Part 30 of the Third Schedule.

PART XXIII —FIRE AND RESCUE SERVICES**Fire compliance certificate**

252. (1) The Director shall issue a fire compliance certificate to the owner or occupier of premises which adhere to the requirements prescribed under this Part.

(2) For purposes of issuing a fire compliance certificate, the Director may inspect any premises to assess its compliance with fire safety requirements and to provide for the installation of firefighting equipment.

(3) In this Part, “Director” means the person responsible for matters relating to fire and rescue services.

Application for fire compliance certificate

253. (1) An applicant for a fire compliance certificate shall make the application in the prescribed form and pay the prescribed fees.

(2) Upon receipt of an application for a fire compliance certificate, the Director may require the applicant—

- (a) to submit such plans of the premises as the Director may specify; and
- (b) to give information concerning the rest of the building if the premises consist part of a building.

(3) If the applicant fails to furnish the required plans within the prescribed time, the application shall be deemed to have been withdrawn.

(4) Where an application for a fire compliance certificate has been duly made, the Director shall inspect the premises in question and issue a fire compliance certificate if satisfied that—

- (a) the means of escape from the premises in case of fire is provided;
- (b) the means of escape in case of fire other than means of fighting fire can be safely and effectively used at all material times; and
- (c) the means of giving warning in case of fire is provided.

(5) Where after inspection on the premises is carried out according to subsection (4), the Director shall issue a notice to the applicant to inform the applicant on the steps to be taken to satisfy the requirements as regards that use.

Contents of a fire compliance certificate

254. (1) A fire compliance certificate shall specify—

- (a) the particular use of the premises with which the certificate relates to;
- (b) the means of escape from the premises in case of fire;
- (c) the means of escape in case of fire other than means of fighting fire can be safely and effectively used at all material times;

- (d) the type, number and location of the means for firefighting whether in the premises or effecting the means of escape provided for use in case of fire by persons in the building;
 - (e) the means of escape from the premises in case of fire;
 - (f) the means of escape in case of fire other than means of fighting fire can be safely and effectively used at all material times;
 - (g) the type, number and location of the means for firefighting whether in the premises or effecting the means of escape provided for use in case of fire by persons in the building; and
 - (h) the type, number and location of the means provided for giving warning to persons in the premises in case of fire.
- (2) A fire compliance certificate may contain such conditions as the Director considers appropriate—
- (a) for ensuring that the means of escape in case of fire that are provided are properly maintained and kept free from obstruction;
 - (b) for ensuring that the persons working in the premises receive the relevant training on fire safety;
 - (c) for limiting the number of persons who may be in the premises at any one time; and;
 - (d) so as to take other precaution in case of fire.
- (3) The conditions under sub-section (2)—
- (a) may apply to the whole or part of the premises;
 - (b) may impose different conditions for different parts of the same premises.
- (4) The Director shall send the fire compliance certificate issued under this part to the owner or occupier of the premises.
- (5) The owner or occupier of premises issued with a fire compliance certificate shall conspicuously display such certificate in the premises during the certificate's validity period.

Change of conditions of a fire compliance certificate

255. (1) An occupier of any premises with a valid fire compliance certificate who intends to make changes to the premises shall, before the carrying out of the changes, give notice to the Director.

- (2) The changes in subsection (1) may include—
- (a) making material structural alterations to the premises;

- (b) making a material alteration to internal arrangements of the premises or equipment with which the premises are provided; or
- (c) beginning to keep explosive or highly flammable materials of any prescribed kind anywhere under, in or on the relevant premises.

(3) Upon receipt of the notice under subsection (1), the Director shall inform the occupier of the steps to take in order to ensure fire safety compliance according to the proposed changes to the premises.

(4) If in the opinion of the Director the occupier meets all the requirements regarding the changes under subsection (1), the Director shall issue an amended fire compliance certificate or issue a new one.

Notice on highly flammable substances

256. (1) The Director may issue a notice to the occupier or owner of premises where explosives or highly flammable materials are kept.

(2) The notice issued in subsection (1) shall specify the premises to which it relates and the particulars of the person to whom the notice applies.

(3) The Director may issue a notice to a person in respect of premises if the person to whom the notice had prior been issued has ceased to occupy the premises.

Appeal on notice on highly flammable circumstances

257. (1) A person to whom a notice on flammable substances has been served may, within twenty-one days from the date of service of such notice; appeal to the Director.

(2) A notice issued under this part shall come into force provided that—

- (a) no appeal is brought within twenty-one days from the expiration of that time; or
- (b) where an appeal so brought is withdrawn or dismissed and is finally determined by the confirmation at the end of twenty-one days from the date of the final determination of the appeal.

Storage of combustible materials

258. (1) A person shall not store, cause or permit to be stored any combustible materials in such a quantity, in such a situation or in such a manner as to cause danger of fire to any building.

(2) Inflammables, explosives, or poisonous substances, gases, or fluids, or celluloid shall be stored or kept only in such quantity and in such situation as may be contained in guidelines issued by the Director.

(3) No quantity of celluloid shall be stored or kept in any premises used in whole or in part for purposes of human habitation or in any premises, used for any other purpose unless the store is separated from other parts of the premises by fire resisting partitions, floors, and ceilings constructed to the satisfaction of the Director.

(4) No quantity of inflammable cinema-to-graphic film shall be stored or kept in any premises used in whole or part for purposes of human habitation or in any premises in which any other combustible material is stored or kept or which is used for any other purposes unless the store is separated from other parts of the premises by fire resisting partitions, floors and ceilings constructed to the satisfaction of the Director provided with an outlet gas vent to the open air so placed as to constitute a fire or explosion risk to any other building

(5) The films in subsection (4) shall be stored in closed metal boxes and shelving shall be of non-combustible material.

(6) The Director may, by notice require any person storing or causing or permitting to be stored any flammable materials to remove them or to take within a period to be fixed in such a notice such reasonable precautions against fire as it may deem necessary.

(7) A person shall not use or permit to be used any building or other premises or place for storage of any inflammable, explosive or poisonous substances, gases or fluids or any celluloid unless that person has been issued with a license to do so by the Director.

(8) Calcium Carbide shall not be stored or kept except in a strong hermetically sealed metal containers placed in a position not exposed to moisture.

(9) No quantity of calcium carbide in excess of thirteen kilograms shall be stored or kept except in isolated and well-ventilated building set apart for that purpose in which no artificial light or heat is used and in which no material of a combustible nature is kept or stored.

Fire safety license fees

259. (1) An applicant for a fire compliance license under this Part shall pay such fees as is prescribed hereto.

(2) All licenses shall expire on 31st December following the date of issue.

(3) A license may only be transferred with the permission of the Director and upon payment of the prescribed fees.

(4) Despite subsection (3), a fire compliance license issued in respect to one premise is not transferable to apply to another premise.

Fire safety guidelines

260. (1) The Director may issue guidelines concerning—

- (a) the provision, maintenance and keeping free from obstructions and means of escape in case of fire in respect of any premises issued with a fire compliance license;
- (b) the provision and maintenance of means of escape that can be safely and effectively used at all material times;
- (c) the provision and maintenance of means for fighting fires and means of giving warning in case of fire; and
- (d) the internal construction of the premises and the material to be used in that construction for—
 - (i) prohibiting the keeping of furniture or equipment of a specified description or specifying the standards or conditions for the keeping of the same;
 - (ii) ensuring that persons employed at the premises are given instructions and training on what to do in case of fire; and
 - (iii) ensuring that in specified circumstances, specified numbers of attendants are stationed in specified parts of the premises.

(2) Guidelines under this section—

- (a) may impose requirements on persons other than occupiers of the premises to which they apply;
- (b) may make provisions as to the person or persons who shall be responsible for any contravention thereof; and
- (c) may provide that if any specified provision of the regulations is contravened, the person or each of the person or each of the persons who are under the regulations is or are responsible for the contravention, commits an offence under this section.

Owners' responsibility on fire safety

261. (1) The Director or an authorized officer may order the owner of any premises to provide fire safety equipment on their premises.

(2) Any person who is aggrieved by an order given under subsection (1) may appeal to the Director within fourteen days of such order.

(3) The owner of any premises who has been ordered to provide fire safety equipment shall ensure that all such equipment is well maintained and in an efficient working order.

(4) An owner of premises with portable fire extinguishers relying on internal pressure for their operation shall ensure that the initial date of commission of that fire extinguisher is indelibly marked on its body.

(5) An owner of premises with portable fire extinguishers shall ensure that the body of the extinguisher is subjected to a hydraulic pressure test to the prescribed pressure for the type of such extinguisher three years after the initial commissioning and every year thereafter and the data of such tests shall be indelibly marked on the body of the extinguisher.

(6) An owner of premises with fixed firefighting installations, including sprinklers, alarms and detectors shall ensure that such installations are tested regularly to confirm their dedication and efficiency and a certificate of serviceability produced on demand by the authorized officer.

Licensing to install service repair of firefighting equipment

262. (1) A person shall not install, service or repair any firefighting equipment or portable fire extinguisher installed in any premises or area wherein such equipment is required under this Part, unless such a person has a license issued under this Act to carry out such works.

(2) A license under subsection (1) may be granted to a person who satisfies an authorized officer that such a person has mechanical knowledge to service, repair or install firefighting equipment or portable fire extinguishers and use of the firefighting equipment or portable fire extinguishers specified in the application.

Fire safety inspection sticker

263. (1) A licensee carrying out any installation, examination, service or license repair of any firefighting equipment or portable fire extinguisher shall affix or cause to be affixed a label inspection sticker label providing following particulars—

- (a) the name of the licensee carrying out such service, repair, examination or installation;
- (b) the occupier's license number;
- (c) the date of such installation, service or repair and the condition of equipment or any portable fire extinguisher; and
- (d) the date of the next service.

(2) If any defect is found in any firefighting equipment or portable fire extinguisher, the licensee shall advise the occupier of the premises thereof in writing and shall cause a copy of such report to be delivered to the Director.

(3) A licensee shall not remove any firefighting equipment or portable fire extinguisher from any premises unless that apparatus has been replaced temporarily by similar serviceable equipment or portable apparatus.

(4) A licensee shall not close down any fixed firefighting installation for any purpose on any premises without first obtaining written authority from the Director.

(5) A person shall not install in any premises any second-hand fire equipment or portable fire extinguisher unless a certificate of efficiency has been issued by a licensee in respect of such fire equipment.

(6) A person shall issue a certificate of efficiency in respect of any firefighting equipment or portable fire extinguisher only when in possession of a current license granted under this Part.

(7) Portable fire extinguishers installed in any premises shall be serviced on a quarterly basis and whenever they have been used and a certificate of service-ability obtained.

Fire signals

264. (1) The Director may erect on any premises or may affix or cause to be affixed to any building, wall, post, fence or other structure or on any tree any fire alarm, telephone, telegraph or other appliances for the transmission of calls of fire to any fire station and any board or metal plate indicating thereon the position of any fire hydrant.

(2) The Director may at any time, repair, remove or alter or cause to be repaired, removed or altered any appliance, board or metal plate erected or affixed in accordance with subsection (1).

(3) Any person who, without authority tampers with, damages, destroys or removes any appliance, board, metal plate, or any notice or other apparatus of any fire alarm apparatus, commits an offence

Response to fire emergencies

265. (1) Where there is an outbreak of fire, the Director may deploy such number of fire fighters as may be necessary to attend to such fire.

(2) The fire fighters deployed to attend to a fire may be equipped with such appliances as the Director may deem fit.

(3) The fire brigade whilst proceeding to a fire on any firefighting machine, vehicle or appliances shall have an overriding right of way over all classes of traffic in any street or public place.

(4) All drivers of vehicles shall in relation to sub-section (3), afford immediately passage to such firefighting machine, vehicle or appliances by drawing into the side of the street and remaining stationary until such firefighting machine or appliances have passed.

Role of fire safety officer

266. (1) A fire safety officer or an authorized officer dispatched to attend to a fire may take the necessary measures to prevent or extinguish a fire outbreak, prevent the spread of fire, protect life or property, and in particular may—

- (a) break into or pull down any premises which is on fire, or in danger of being on fire;
- (b) move or break into any vehicle;
- (c) order for the closure of any road or part of a road;
- (d) stop and regulate traffic; and
- (e) perform such acts as may be necessary for extinguishing or preventing fire in any premises or for protecting them or rescuing persons or salvaging property therein from fire.

(2) An officer of the fire brigade or other authorized officer dispatched to attend to a fire may order the temporary closure of any street or public place in or near which a fire has broken out for purposes of containing the fire.

(3) An officer of the fire brigade or other authorized officer dispatched to attend to a fire may order any person who may interfere with the operation of the fire brigade to move from such street or other public place.

(4) An officer of the fire brigade or other authorized officer dispatched to attend to a fire may order the temporary closure of any street or public place in or near which a fire has broken out for purposes of containing the fire.

(5) An officer of the fire brigade or other authorized officer dispatched to attend to a fire may order any person who may interfere with the operation of the fire brigade to move from such street or other public place.

(6) A person shall not at any fire, break in to or enter any premises for purposes of salvaging property without the authority of the fire safety officer or an authorized officer deployed to attend to a fire.

(7) Where the fire brigade is in attendance at any premises which are on fire, no person may break into or enter the premises without the express permission of the fire safety officer or an authorized officer present except for purposes of saving a life of any other person.

Obstructing fire safety officers

267. (1) A person shall not interfere with, drive over or in any way damage the hose of any firefighting appliance in use by the fire brigade whilst engaged in preventing or extinguishing a fire or at a fire training drill.

(2) A person shall not knowingly give or cause to be given a false alarm of fire to the fire brigade either by means of a fire alarm or by telephone or by word of mouth or by other means.

(3) Any person who violates this section commits an offence.

Enforcement of fire safety

268. (1) The Director shall ensure the enforcement of this Part and any Regulations made under it.

(2) The Director, a fire safety officer or any authorized officer may do anything necessary for purposes of carrying into effect this Part and in particular shall have the power to—

- (a) enter any such premises to inspect the whole or any part thereof and anything therein;
- (b) make such inquiry as may be necessary for any of the purposes stated in sub-section (a);
- (c) require the production of, and to inspect, any fire compliance certificate in force with respect to any premises or any copy of any such certificate; and
- (d) require any person having responsibilities in relation to any such premises to avail such facilities and assistance with respect to any matters to which the responsibilities of that person extend as are necessary for purposes of enabling the fire safety officer or authorized officer to exercise any of the powers conferred under this section.

(3) A fire safety officer or an authorized officer shall produce their identification if required to do so by an occupier of premises in relation to the attending of a fire.

(4) A person commits an offence who—

- (a) intentionally obstructs any fire safety officer or authorized officer in the exercise of performance of their duties under this Part; or

- (b) without reasonable excuse fails to comply with any requirements imposed by a fire safety officer or authorized officer under this section.

Unlawful disclosure of private information

269. Any person who unlawfully discloses any personal, private or confidential information obtained in any premises entered in the exercise of powers conferred under this Part commits an offence.

Falsification of Defense of due diligence

270. A person commits an offence who—

- (a) with intent to deceive, forges a fire compliance certificate or makes or possesses a document so closely resembling a fire compliance certificate as to be calculated to deceive;
- (b) for purposes of processing a fire certificate makes any statement or gives any information which is false; or
- (c) in purported compliance with any obligation to give information under this Part, or in response to any inquiry made by virtue of this Part, knowingly gives false information.

(2) Any person who with the intention to deceive, pretends to be a fire prevention officer, commits an offence.

(3) Where an offence under this Part is committed by a body corporate, is proved to have been committed with the consent or connivance of, or to be attributed to any neglect on the part of, any director, manager, secretary or other similar officer of the body corporate, or any person purporting to act in any such capacity, that person and the body corporate commits an offence.

(4) Where the affairs of body corporate are managed by its members, this section shall apply in relation to the acts and defaults of a member in connection with their functions of management as if such a member were a director of the body corporate.

Defense of due diligence

271. In any proceedings for an offence under this Part or under Regulations made there under, it shall be a defense for the accused to provide prove that he or she took all reasonable precautions and exercised all due diligence to avoid the commission of such offence.

Making of open fire and fireworks

272. (1) A person shall not make or cause or permit to be made any fire in the open air in such a manner as to endanger the safety of any person, building, animal or other property.

(2) A person shall not throw or discharge or cause or permit to be thrown or discharged any fireworks in any street or public assembly without prior permission in writing from the Director.

(3) Any person who violates this section commits an offence.

Penalties

273. A person who contravenes the provisions of this Part for which no other penalty is prescribed commits an offence and shall be liable on first conviction to a fine not exceeding one hundred thousand shillings or to imprisonment for a term not exceeding eighteen months, and on each subsequent conviction to a fine not exceeding two hundred thousand shillings or to imprisonment for a term not exceeding two years or to both.

PART XXIV—POWERS AND DUTIES OF INSPECTORATE OFFICERS

Power to arrest

274. An Inspectorate Officer may arrest with or without a warrant any person and deliver to the custody of a police officer, without delay, subject to the Constitution, the Criminal Procedure Code and any other law, if such person—

- (a) contravenes any county law;
- (b) commits a cognizable offence;
- (c) obstructs or assaults—
- (d) an inspectorate officer, in execution of lawful duties; or
- (e) any other county officer, lawfully performing their duties within the county;
- (f) aids another person in commission of any offence in contravention of county laws; or
- (g) is found in possession of anything which may reasonably be suspected to be stolen property or who may reasonably be suspected to have committed an offence with reference to that property.

Power to seize and hold a thing

275. An inspectorate officer may seize and hold in an inspectorate yard; motorized and non-motorized vehicles, vessels, animals, goods or any other thing which such an officer believes to have been used in the contravention of county laws.

Power of entry

276. (1) An inspectorate officer may, in the performance of a duty under this Part or other county law—

- (a) enter any premises in which a regulated activity is undertaken and examine or make enquiries to determine whether this Act or other applicable county law is complied with;
- (b) require the production of, inspect, examine a license, register, record or other document relating to a regulated activity; or
- (c) carry out periodic inspections of premises in which a regulated activity is ordinarily carried out to ensure compliance with this Part or other applicable county law is complied with; or
- (d) with the written approval of the Director—
 - (i) order the immediate closure of any premises which is likely to cause harm contrary to this Part or any other county law;
 - (ii) issue a written notice to require the owner or operator of premises to implement a remedial measure; or
 - (iii) issue a notice requiring the owner or operator of premises to cease any unlawful activities; or
 - (iv) issue a notice requiring the owner or operator of premises to take appropriate remedial measures, including the installation of new plant and machinery within such time as may be contained in the notice.

(2) An inspectorate officer who is authorized in writing by the Service, may forcefully enter into any County licensed premises, vehicle, or vessel if the owner or occupier of such, unreasonably denies entry to that inspectorate officer or other officer of the Service.

(3) The owner or operator of premises may reopen premises closed down under this section with the written approval by the Director.

Power to inspect

277. (1) An inspectorate officer may at any reasonable time enter into any premises and inspect or ascertain whether permits, licenses, record, floor plans or any other licensing instruments are valid and approved in accordance with the applicable law.

(2) An inspectorate officer who carries out an inspection under this Part shall make a preliminary report immediately upon completion of the inspection in a prescribed format, a copy of which shall be retained in the premises.

Seizure during inspection

278. (1) Where an inspectorate officer has reasonable grounds to suspect that any property has been, or is being used to carry out regulated activity contrary to this Part or other county law, the inspectorate officer may make an ex parte application to the relevant court for an order to seize that property and for any other order.

(2) Despite subsection (1), where it is not reasonably practical, having regard to the urgency of the situation, to obtain a warrant, the inspectorate officer may seize the property without a warrant.

(3) The inspectorate officer who seizes property under this section shall take a full inventory of such property at the time of such seizure.

(4) An inspectorate officer may direct that property seized under this section be kept or stored in the place where it was seized or that it be removed to another place.

(5) Unless authorized by the officer, no person shall remove, alter or interfere in any manner with any of the items seized.

(6) Where an inspection officer seizes property under this section, the inspection officer shall within forty-eight hours of such seizure, file a report with the relevant court and apply for an order for the detention of the property.

(7) If the forty-eight under subsection (5) end outside the ordinary court hours, or on a day that is not an ordinary court day, the Inspectorate officer shall report the seizure on the next court day.

(8) An order for the detention of property made under subsection (1) shall be valid for sixty days and may, on application by the inspectorate officer.

(9) Where a relevant court makes a detention order in respect of perishable property, the court may authorize the inspectorate to dispose of such property.

Order of restoration

279. A court may order that property seized under section 278 be restored to the owner if, on hearing the application, the court is satisfied that—

- (a) there are no longer any reasonable grounds to continue holding the property;
- (b) within six months of the detention order, no proceedings are instituted in court for the offence in respect of which the property was seized; or

- (c) the seized property is not required as evidence in any proceedings in respect of an offence under this Part.

Power to supervise

280. An inspectorate officer may supervise any revenue collection by revenue officers in accordance with the Finance Act and ensure that such revenue is duly collected and remitted to the lawfully authorized person.

Power to evict

281. An inspectorate officer who finds or has a reason to believe that a person has committed an offence in any public place, may evict such person in accordance with this Part or any other county law.

Power to impound vessel

282. (1) Where an inspectorate officer reasonably believes that a vessel is parked or controlled in a manner that is contrary to county law, without payment of the prescribed parking fees, the officer may impound the vessel by clamping or towing the vessel to the nearest Inspectorate facility.

(2) The power to impound shall be exercised in accordance with any relevant national and county law.

Power to control traffic

283. An inspectorate officer may control and regulate traffic within the county in accordance with county laws.

Power to stop vehicles

284. (1) An inspectorate officer may stop a vehicle that is reasonably believed by that officer, to be operated in contravention of county laws.

(2) Where it is necessary for the enforcement of county laws, an inspectorate officer may erect barriers across any roads, streets or any other public place.

(3) Any driver of a motor-vehicle who fails to stop at a barrier or who, upon being signaled by an inspectorate officer to stop, fails to stop commits an offense.

Identification of an officer

285. (1) An inspectorate officer shall produce a service identity document when requested to do so in the course of exercising the powers conferred under this Part.

(2) An inspectorate officer shall wear Inspectorate uniform embedded with distinctive identification to ensure visibility and recognition by members of the public.

Use of non-violent means

286. (1) An inspectorate officer shall perform the functions and exercise the powers conferred by the Constitution, this Part and any other law by use of non-violent means.

(2) An inspectorate officer may only use reasonable force in the performance of duty as a last resort and as is prescribed under the law.

PART XXIII—GENERAL PROVISIONS**Additional Budgetary Allocation.**

287. (1) In developing the annual budget proposals for the County Government and in addition to the normal budgetary allocation for the Revenue Directorate, the Executive Committee Member for finance shall allocate to the Revenue Directorate; 4% of the revenue collected in the financial year with the latest audited accounts.

(2) The Revenue Directorate shall utilize the budgetary allocation in subsection (1) for the following functions—

- (a) revenue mobilization;
- (b) enhancement of revenue collection;
- (c) facilitation of revenue collection staff;
- (d) enforcement of revenue collection;
- (e) training and human resource development of revenue collection staff;
- (f) day to day management of the directorate; and
- (g) any other duties assigned to the Revenue Directorate.

Cancellation of licenses and permits

288. The county may from time to time by notice to holder thereof, cancel a license or permit for contravention of any of the terms and conditions thereof or any of the provisions of this Act or where in its opinion the continued display of any advertisement device would likely to affect injuriously the amenities of, or to disfigure any neighborhood or for any other reason, the County may deem fit.

Penalties to permit holders and licensees

289. The county may from time to time by notice to holder levy a penalty to a holder of a license or any other person who is in breach of any provisions of this Act.

Fees generally

290. Any fees levied under this Act shall be per the respective schedules.

General Penalty

291. Any person who contravenes the provisions of this Act for which no other penalty has been provided, commits an offence and shall be liable on first conviction to a fine not exceeding two hundred thousand shillings or to imprisonment for a term not exceeding eighteen months, and on each subsequent conviction to a fine not exceeding five hundred thousand shillings or to imprisonment for a term not exceeding two years or to both.”.

	Application fee for private dumpsite p.a	150,000	100,000	50,000
	Application for private cemetery p.a	20,000	10,000	5,000
	Proposed penalties and fines in solid waste			
	Penalty for littering from a moving vehicle	500	500	500
	Tempering with litter bin	20,000	20,000	20,000
	Urinating in undesignated places	100	100	100
	Exhauster environmental county conservancy fee	5,000	5,000	5,000
	Penalty for non-compliance to Exhauster environmental county conservancy fee	50,000	50,000	50,000
PART 25: LAND RATES				
	Land/ Plot search fee	1,000	1,000	1,000
	Annual rates minimum	1,200	1,200	1,200
	Regularization and issuance of allotment letters			
	10% of current market value	1%	1%	1%
	Application for plot registration	1,000	1,000	1,000
	Plot registration fees	10,000	10,000	5,000
	Plot transfer fees	20,000	10,000	5,000
	Plot transfer (leasehold)	30,000	20,000	10,000
	Plot rent/ annual rate minimum	1,000	1,000	1,000
	Plot rent penalty / interest	Nil	Nil	Nil
	Rate struck	0.05 %	0.05 %	0.05 %
PART 26: WEIGHS AND MEASURES				
	Application for inspection	300	300	300
	Inspection & calibration of counter weighing machines with 5 stones p. a	400	400	400
	Flat form weighing machine p. a	1,000	1,000	1,000
	Salter weighing machine p. a	1,000	1,000	1,000
	Fuel pump p. a	2000	2000	2000
	Inspection & calibration of Meter ruler p.a			
	20 Meters	300.00	300.00	300.00

	30 Meters	400.00	400.00	400.00
	Exceeding 30 Meters	800.00	800.00	800.00
	Verification and calibration of measures of capacity (other than bulk measures):			
	(a) Un-subdivided:			
	2 Litres and under	40.00	40.00	40.00
	Exceeding 2 Litres but not exceeding 20 Litres	100.00	100.00	100.00
	Exceeding 20 Litres	200.00	200.00	200.00
	(b) Subdivided:			
	The fee payable for subdivided measure shall be the same as that of un-subdivided measure of equivalent capacity plus an additional charge of Ksh. 10 for each of its numbered subdivisions			
	Verification and calibration of measures of capacity: bulk measures (road tankers) 500 Litres and under	2000	2000	2000
	Exceeding 500 Litres-	500 for every 500liters of part thereof	500 for every 500liters of part thereof	500 for every 500liters of part thereof
	Adjustment of liquid level indicator of a bulk measure	1000	1000	1000
	Calibration of Bulk storage tanks: between 100,000 – 500,000 liters	100,000	100,000	100,000
	above 500,000 to 1000,000 liters	150,000	150,000	150,000
	Above 1000,000	200,000	200,000	200,000
	Sub Divided tanks	An additional charge of Ksh 2000.00 per graduation	An additional charge of Ksh 2000.00 per graduation	An additional charge of Ksh 2000.00 per graduation
	Verification of Spirit measuring instruments	200	200	200
	Verification and calibration of Liquid measuring Instruments			
	(a) Dispensing pumps (each):			
	(1) Electronic	1,200	1,200	1,200
	(2) Non – electronic	1,000	1,000	1,000
	(b) Bulk Meters: (1) Electronic	15,000	15,000	15,000
	(2) Non – electronic	10,000	10,000	10,000
	Verification of Leather measuring instruments and fabric measuring instruments per instrument	1,600	1,600	1,600
	Verification of item charge			

	Verification of Egg -grading machines: Type 'A' Machine	1,000	1,000	1,000
	Type 'B' Machine	1,500	1,500	1,500
	Verification of non-automatic weighing instruments intended for counter use:			
	a) Non self-indicating: 5Kg and under	150	150	150
	Exceeding 5Kg but not exceeding 15Kg	200	200	200
	Exceeding 15Kg	400	400	400
	b) Semi self- indicating instruments: 5Kg and under	200	200	200
	Exceeding 5Kg but not exceeding 15Kg	400	400	400
	Exceeding 15Kg	800	800	800
	c)self- indicating instruments:			
	(1) Electronic			
	5Kg and under	400	400	400
	Exceeding 5Kg but not exceeding 15Kg	600	600	600
	Exceeding 15Kg but not exceeding 50Kg	800	800	800
	Exceeding 50Kg but not exceeding 500kg	1,200	1,200	1,200
	Exceeding 500Kg but not exceeding 1 Tonne	2,000	2,000	2,000
	Exceeding 1 Tonne but not exceeding 5 Tonnes	5,000	5,000	5,000
	Exceeding 5 Tonne but not exceeding 20 Tonnes	8,000	8,000	8,000
	Exceeding 20 Tonnes	same as that for 20 tonne capacity plus an additional charge of Ksh 400 for every tone (or part thereof)	same as that for 20 tonne capacity plus an additional charge of Ksh 400 for every tone (or part thereof)	same as that for 20 tonne capacity plus an additional charge of Ksh 400 for every tone (or part thereof)
	(2) Non - electronic			
	5Kg and under	200	200	200
	Exceeding 5Kg but not exceeding 500Kg	400	400	400
	Exceeding 500Kg but not exceeding 1 tonne	1,000	1,000	1,000
	Exceeding 1 Tonne but not exceeding 5 Tonnes	2,000	2,000	2,000
	Exceeding 5 Tonne but not exceeding 20 Tonnes	3,000	3,000	3,000
	Exceeding 20 Tonnes	6,000	6,000	6,000

	Verification of automatic weighing instruments			
	20 kg and under	600	600	600
	Exceeding 20Kg but not exceeding 50Kg	1,000	1,000	1,000
	Exceeding 50Kg but not exceeding 200Kg	1,500	1,500	1,500
	Exceeding 200 kg but not exceeding 1 tonnes	2,000	2,000	2,000
	Exceeding 1tonne but not exceeding 5 tonnes	3,000	3,000	3,000
	Exceeding 20 tonnes	5,000	5,000	5,000
	Verification of Belt Weighers:	8,000	8,000	8,000
	Additional charges payable where a weighing or measuring instrument incorporates a printing device which is also examined and tested	200	200	200
	Miscellaneous Charges;			
	(a) Inserting plugs (each)	40	40	40
	(b) Adjusting loose poises (each)	40	40	40
	(c) Balancing all types of weighing instruments (e	100	100	100
	(d) Denominating linear and capacity measures (each)	100	100	100
	(e) Adjusting capacity measures for use as standards	1,000	1,000	1,000
	(f) Calibrating masses for use in laboratories each Mass: 2Kg and under			
	Class E	2,000	2,000	2,000
	Class F	1,500	1,500	1,500
	Class M	1,000	1,000	1,000
	PART 27: AGRICULTURE
